Selecting a location for your radio

Please read these guidelines in order when selecting a location for your radio.

- Place the radio on a table or other flat surface.
- Do not use the radio in a damp location. It is important to prevent moisture from getting into the unit.
- Do not place it on a metal surface or table that causes interference with AM reception.
- Since all electronic equipment generates some heat, do not place it on a heat sensitive surface.
- If you use the radio with your television or VCR, do not place it directly in front of the television. It may interfere with the picture quality.
- A location reflecting heat of a radio is recommended for best audio performance.
- You get the maximum sound from your radio if you are able to place the radio across the room from where you will be listening.

Please adjust the location to get the sound you prefer.
