Competence Assessment Tools for Health System Pharmacists Lee B. Murdaugh, 2015-01-01. Since its original publication, Competence Assessment Tools for Health System Pharmacies has continued to meet the changing needs of pharmacy directors and their staff. Designed as a complete human resource competence assessment program, this benchmark resource ensures pharmacy compliance with the competence assessment standards of The Joint Commission, other accrediting organizations, and the CMS Conditions of Participation. Newly updated and expanded, Competence Assessment Tools for Health System Pharmacies provides practical tools to assess and document an employee's ability to perform assigned duties and meet the human resource requirements of CMS. The Joint Commission and other accrediting organizations. Save time and increase efficiency with this essential tool that supplements and reinforces staff knowledge in key competency areas. New to the Fifth Edition: Enhanced companion website that allows you to easily adapt many of the forms included in the book for your own practice, including the job descriptions and orientation record. Updated resources for customizing job descriptions, including job description, competence assessment summary, and performance evaluation templates for a Pharmacy Purchasing Technician. Inclusion of a study guide for the emergency management chapter. New competencies on Medication Dosing in Patients with Hepatic Dysfunction, Pharmacokinetics, Aminoglycosides, Parenteral Anticoagulant Therapy, Oral Anticoagulant Therapy, and Compounding Non-Sterile Preparations. A new set of four competencies specifically devoted to pharmacy technicians. Also included for the first time is a crosswalk of all competencies which indicates which competencies are for use only with pharmacists, only with pharmacy technicians, or appropriate for both. A new chapter on Educating the Pharmacy Staff. New test questions in many chapters, including use of a patient case report format for tests in the clinically oriented chapters.

Remote Medicine: A Textbook For Trainee And Established Remote Healthcare Practitioners John Nelson Norman, Malcolm Valentine, 2020-07-13. This is the first major textbook on the emerging speciality of remote medicine. The modern concept emerged in the 1970s when the medical directors of the main oil companies operating in the North Sea (BP, Shell, and Mobil) sought advice from the University sector since the morbidity

and mortality levels of offshore workers had become unacceptable A system of healthcare was jointly developed and applied by the industrial doctors and the academic doctors of Aberdeen University which worked well and greatly improved the healthcare of the offshore personnel It was subsequently validated by duplication for the very different scientific population of the British Antarctic Survey where it worked even better It was next introduced to the oilfields of the Middle East Qatar QGPC Offshore and Onshore Abu Dhabi ADMA and ADCO and Oman PDO where it worked equally well The Aberdeen Universities next collaborated with the UAE University in Abu Dhabi to evaluate and develop telemedicine mainly in the area of education and research and they established early transcontinental courses and conferences together with joint supervision and production of higher degrees between collaborating universities in different parts of the world The recently established International Remote Healthcare Association IRHCA backed by the University of Glasgow the UAE University in Abu Dhabi and the Siberian State Medical University has established an ongoing study to determine the education and skills required to produce a competent Remote Healthcare Practitioner The chapters in this book contain the knowledge base currently thought by the IRHCA to be necessary to produce a competent remote healthcare practitioners and thus to allow curricular development of the new courses necessary for the establishment of University qualifications and for the regulating authorities to design examinations and establish appropriate registration Since this is a new speciality the continuing research of the IRHCA is necessary to act as an audit to ensure that the information in the book and the courses derived from it remain relevant and also to detect omissions as they are recognised
