FIGURE 1. The 1990s: a decade of change. The 1990s saw a dramatic increase in the number of people who were employed in the service sector, a decline in the number of people who were employed in the manufacturing sector, and a significant increase in the number of people who were employed in the government sector.

Effect of training on the response of the system to the external stimulus was also studied. The results are shown in Figure 10. The system response to the external stimulus was significantly improved by the training.

CAUTION

As with any assessment of engineering, personnel, or other resources, before decisions are made, a variety of factors must be considered. The overall picture must be taken into account.
