Outsmart Your Instincts Adam Hansen, Ed Harrington, Beth Storz, 2017-01-10 Evolution is killing innovation Just trust your gut is great advice when your instincts tell you to run from a lion in the jungle But when it comes to thinking innovatively about your business those same instincts can be your own worst enemy Cognitive biases the instinctual mental shortcuts we all have in our brains that shape how we see and respond to the world around us can also be the archnemeses of innovation innovative thinking New ideas appear too risky Data gets discounted if it doesn t match the hypothesis of the researcher And even like minded innovation enthusiasts can find that enacting disruptive change is tough when they all see things the same way It s time to let go and learn a new way to think Created by innovation experts *Outsmart Your Instincts* cleverly merges behavioral science with business savvy Using the trademarked Behavioral Innovation model the authors provide an in depth examination of eight unique biases Negativity Confirmation and Conformity among them that get in the way of creativity creative thinking and show us how we can overcome these barriers and break from the status quo With clever thought provoking activities accessible writing and easy to follow advice *Outsmart Your Instincts* shows us how and why we react to new ideas the way we do and then helps us rethink what we think Once we learn to outsmart our own instincts we can take on challenges as true innovators who rely on all of our brains powers not just our guts and be equipped to outsmart the competition

trek the author took She openly shares her private journey as she moves forward When she gets the diagnosis of a brain tumor her whole life changes Through her personal journey she shares her inner thoughts and questions The questions ultimately take us into the core of her soul Through her difficulties she learns a very valuable lesson This takes us to the reason the book was written CAT wants you to see how important it is to love oneself first Laugh 'Til You Die P. Daletas,2018-10-26 Inspired by people who shared the beauty of laughter with her up until the day they died Patricia Daletas recently found a way to put down on paper an accumulation of life events that led to one conclusion Laughter comes with healing Laughter brings joy Laughter can be found in even the most difficult of situations Laughter is a gift from God and can help sustain the heart for a lifetime In her book Laugh til You Die Patricia endeavors to take her readers on a journey through everyday life with all its ups and downs and help them to see that no matter the circumstances life might throw them into laughter really is the best medicine Through the sharing of personal experience and scripture Laugh til You Die shows how laughter coupled with faith can bring joy to the soul to the end of this life and into the better life that awaits the child of God Laugh til You Die is intended to be read as much or as little at a time as desired to refresh the heart To provide hope for a weary soul and give confirmation to the life full of joy and laughter that it really is okay to be lighthearted in any circumstance Yearnings Armando J. Calonje M.,2019-08-13 This collection of short stories takes you to many exciting places the author has lived in and traveled it exposes you to the struggles and losses of individuals that have escaped from authoritarian regimes such as Cuba and the Soviet Union to find freedom in the United States of America It reaches from betrayal and narcissism and the damage done to others to the charming innocence of a child asking to be told a story and the reminiscing of an old man who tells his Japanese friend how progress distorted his life s memories There are unexpected twists to many of these stories not to forget a subtle sense of humor that both intrigue and touch the heart Elliot Savant Orrin Jason Bradford,2015-11-01 A thirteen year old boy with a vivid imagination in a mountain town known for the bizarre A formula for a suspenseful tale with a twist Thirteen year old Dodger Dean has a vivid imagination that tends to get him in trouble at times as in six or seven times a day So much so that his mother has to beg Uncle Matt to take Dodger for a couple months each summer so she can recover a shred of sanity But Foster Flat where Uncle Matt lives has its own unique characteristics that make for a dangerous combination for a boy like Dodger who sometimes crosses the line with his imaginative stories of adventure and intrigue If you re a fan of such stories as appeared on The Twilight Zone and those told by writers like Ray Bradbury and Neil Gaiman you ll feel right at home in Foster Flat as you journey into the world of a thirteen year old with an imagination that often clashes with the real world Pick up this free short story excerpted from Fantastic Fables of Foster Flat today **Higher Hope** Robert Whitlow,2009-04-13 The Tides of Truth series follows one lawyer s passionate pursuit of truth in matters of life and the law Competition is tough at the Savannah law firm where Tami Taylor serves as a law clerk But Tami s work sets her apart and the firm s partners see something special in her So they

assign her to a libel case against an abrasive outspoken preacher who is either a prophet or a lunatic On the surface it appears to be an open and shut case the preacher seems fully outside the bounds of law And Tami s strict religious upbringing could be the firm s ace in the hole But as the investigation continues Tami is troubled by the preacher s uncanny prophetic abilities And their client seems to be hiding something Tami returns to her hometown struggling with several critical choices as two very different men from the firm vie for her heart Just when the challenges seem insurmountable hope for Tami arrives from a surprising place And it s a higher hope than she s ever imagined **Books, Pens & Larceny** Jose F.
