The Masters' Secrets Turkey Hunting John E. Phillips, 1991-12 [Britain's Plot to Kill Hitler](#) Eric Lee, 2022-04-21 Operation Foxley was the name of the secret plan supported by Winston Churchill to assassinate Hitler in 1944-45 More than 75 years after its conception the assassination plan remains shrouded in mystery Eric Lee's new book is the product of painstaking research and sheds more light on this plan Lee also asks what would have happened if Foxley had been executed successfully Concocted in 1944 by the British Special Operations Executive SOE Foxley's objective was to kill Hitler and any high ranking Nazis or members of the Führer's entourage who might have been present at the time Different methods of assassination had been considered by the SOE but were ultimately deemed too complicated These methods included derailment and destruction of the Hitler's personal train the Führerzug by explosives and also clandestine means such as slipping a tasteless poison into Hitler's drinking and cooking water Some of the ideas were considered quite bizarre including one scheme to hypnotise Rudolf Hess and return him to Germany to kill Nazi leaders The Americans and Soviets had their own plans to kill Hitler too with some equally strange ideas including injecting female hormones into the Führer's vegetables

Eventually after intel gathered revealed that Hitler took a routine solitary walk every morning to the Teehaus on the Mooslahnerkopf Hill from the Berghof residence a plan was created to assassinate Hitler using a sniper rifle fitted with a silencer A perfect investigation for readers who enjoy reading about modern history and the Second World War in particular It is also tailored to those with an interest in the secret war covering topics like the SOE and military intelligence

Hunting Bears Kathy Etling, 2013-07 For most hunters in North America taking a bear is incidental to hunting deer For others however challenging a big bruin on its own turf is the purpose of their hunt and may become an obsession Whether it involves hunting the wary black bear in Maine over bait chasing a clever black bear trying to avoid a pack of hounds in the Rocky Mountains sneaking up with a bow on a huge grizzly placing the crosshairs on a massive brown bear as it exits an ice cold Alaskan stream or enduring bitterly cold temperatures and inhospitable hunting conditions while hunting the hunter the great white polar bear bear hunting is an adventure only for those of strong heart and mind In Hunting Bears Etling covers all aspects of bear hunting and all species of bears to hunt black grizzly brown and polar She omits no tactic strategy or bear behavior and includes interviews with many of the nation's most successful bear hunters as well Between the covers of this book is information that most bear hunters would take a lifetime to amass If hunting any of the bears found in North America or the world is your dream you'll want to add Hunting Bears to your outdoor library It will provide you hours of first rate reading and will inspire you to bag your trophy bruin
