Les Francocedilais Jihadistes:

, *Islam and the Governing of Muslims in France* Frank Peter, 2021-01-28 Will Islam be able to adapt to France's secularity and its strict separation of public and private spheres Can France accommodate Muslims In this book Frank Peter argues that the debate about Islam and Muslims is not simply caused by ignorance or Islamophobia Rather it is an integral part of how secularism is reasoned *Islam and the Governing of Muslims in France* shows that understanding religion as separate from other aspects of life such as politics economy and culture disregards the ways religion has operated and been managed in secular societies such as France This book uncovers the varying rationalities of the secular that have developed over the past few decades in France to govern Islam in order to examine how Muslims engage with the secular regime and contribute to its transformation This book offers a close analysis of French secularism as it has been debated by Islamic intellectuals and activists from the 1990s until the present It will influence the study of secularism as well as the study of Islam in the French Republic and reveal new connections between Islamic traditions and secular rationalities **Your Sons Are at Your Service** Aaron Y. Zelin, 2020-02-11 Tunisia became one of the largest sources of foreign fighters for the Islamic State even though the country stands out as a democratic bright spot of the Arab uprisings and despite the fact that it had very little history of terrorist violence within its borders prior to 2011 In *Your Sons Are at Your Service* Aaron Y Zelin uncovers the longer history of Tunisian involvement in the jihadi movement and offers an in depth examination of the reasons why so many Tunisians became drawn to jihadism following the 2011 revolution Zelin highlights the longer term causes that affected jihadi recruitment in Tunisia including the prior history of Tunisians joining jihadi organizations and playing key roles in far flung parts of the world over the past four decades He contends that the jihadi group Ansar al Sharia in Tunisia was able to take advantage of the universal prisoner amnesty increased openness and the lack of governmental policy toward it after the revolution In turn this provided space for greater recruitment and subsequent mobilization to fight abroad once the Tunisian government cracked down on the group in 2013 Zelin marshals cutting edge empirical findings extensive primary source research and on the ground fieldwork including a variety of documents in Arabic going as far back as the 1980s and interviews with Ansar al Sharia members and Tunisian fighters returning from Syria The first book on the history of the Tunisian jihadi movement *Your Sons Are at Your Service* is a meticulously researched account that challenges simplified views of jihadism's appeal and success *Daesh Ideology and Women's Rights in the Maghreb* Fatima Sadiqi,

Radicalized Peter R. Neumann, 2016-09-30 The attacks in Paris in January and November 2015 heralded the beginning of a new wave of terrorism one rooted in the ongoing conflict in Syria and Iraq As ISIS seeks to expand its reach in the Middle East its territory serves as a base for training and operations for a new generation of jihadis Thousands of young people from the West primarily from Europe have travelled to join ISIS re-emerging as hardened fighters with military training and a network of international contacts Many of these have now returned to their homelands where it is feared they are planning a

new series of brutal attacks Peter R Neumann here explains the phenomenon of the new jihadis and shows why the threat of terrorism in the West is greater than ever before Based on interviews and previously unseen material Neumann provides an essential introduction to one of the greatest crises of our time *Jihad and Death* Olivier Roy,2017-04-06 How has ISIS been able to muster support far beyond its initial constituency in the Arab world and attract tens of thousands of foreign volunteers including converts to Islam and seemingly countless supporters online In this compelling intervention into the debate about ISIS origins and future prospects the renowned French sociologist Olivier Roy argues that while terrorism and jihadism are familiar phenomena the deliberate pursuit of death has produced a new kind of radical violence In other words we re facing not a radicalization of Islam but the Islamization of radicalism Jihad and Death is a concise dissection of the highly sophisticated narrative mobilised by ISIS the myth of the Caliphate recast into a modern story of heroism and nihilism According to Roy this very contemporary aesthetic of violence is less rooted in the history of Islamic thought than it is entrenched in a youth culture that has turned global and violent Evidence-Based Work with Violent Extremists Massil Benbouriche,Martine Evans,2019-07-15 Using France as a case study contributors from around the world explore the factors that create violent extremists including criminogenic needs violence supportive cognition religious beliefs identity uncertainty or fusion the quest for significance and social and political influences They present a multidisciplinary and evidenced based analysis of how and why violent extremism has reappeared as a contemporary issue and provide theoretical and practical approaches to responding to and when possible intervening using deradicalization programs deterrent and preventive legislations prison segregation and permanent monitoring **Marcel Gauchet and the Loss of Common Purpose** Natalie J. Doyle,2017-12-20 This bookexplores the work of Marcel Gauchet one of France s most prominent contemporary intellectuals to examine the contemporary crisis of European democracy It does so by examining the threats from ideological co radicalization associated with the combined impact of economic crisis and Islamic fundamentalism It locates Gauchet s ideas in the context of French intellectual history and notes the significant influence upon it of the social and political theories of Cornelius Castoriadis and Claude Lefort and its reaction against those of Foucault The book reviews the entire scope of Gauchet s writings from the early publications to the most recent publications on the new world of neo liberal individualism economism and globalization The book reveals how Gauchet s work overcomes many of the misunderstandings affecting current discussions of controversial topics including the European Union the nation state political Islam the paradoxes of democracy secularization and reactionary political movements It highlights the need for European societies to rediscover their political underpinnings their capacity to invent a new collective future starting from the nation state and to adapt to a new mode of international relations on a global scale To do so and to counter the threat of radicalization they must retrieve the lost common purpose encapsulated in the notion of democratic sovereignty

Radicalized Loyalties Fabien Truong,2018-06-11 There is widespread concern today about the radicalization of young

muslim men and the deprived areas of Western cities are believed to have become breeding grounds of home grown extremism But how do young Muslims growing up in the cities of the West really live This book takes us beyond the rhetoric and into the housing estates on the outskirts of Paris to meet Adama Radouane Hassan Tarik Marley and a shadowy figure whose name suddenly and brutally became known to the world at the time of the Charlie Hebdo shootings Am dy Coulibaly Seeing Am dy through the eyes of close friends and other young Muslim men in the neighbourhoods where they grew up Fabien Truong uncovers a network of competing loyalties and maps the road these youths take to resolve the conflicts they face becoming Muslim For these young men Islam stands often alone as a resource a gateway as if it were the last route to escape without betrayal and to fight in a meaningful and noble way Becoming Muslim does not necessarily lead to the radicalized other It is more like a long distance race a powerful reconversion of the self that allows for introspection and change But it can also lead to a belligerent presentation of the self that transforms a dead end into a call to arms

Language for Specific Purposes Giuliana Elena Garzone,Dermot Heaney,Giorgia Riboni,2017-01-06 This volume brings together work by both well known scholars and emerging researchers in the various areas of Language for Specific Purposes LSP such as political legal medical and business discourse The volume is divided into three parts in order to align rather than separate three different but related aspects of LSP namely translation linguistic research and domain specific communication on the web Underlying all the contributions here is the growing awareness of the ever increasing multiformity of specialised communication and the ever wider social implications of the communicative situations in which it is embedded especially where it involves the need to move across languages cultures and modes as in translation and interpreting The contributions consistently bear witness to the need to review received notions pose new questions and explore fresh perspectives The picture that emerges is one of extreme complexity in which researchers into specifically linguistic aspects of LSPs and their translation across languages and media declare their awareness of the pressing need to come to terms with a wide range of social pragmatic intercultural and political factors above and beyond socio technical knowledge of the domains under investigation

The Transformation of Citizenship, Volume 1 Juergen Mackert,Bryan S. Turner,2017-03-16 The Transformation of Citizenship addresses the basic question of how we can make sense of citizenship in the twenty first century These volumes make a strong plea for a reorientation of the sociology of citizenship and address serious threats of an ongoing erosion of citizenship rights Arguing from different scientific perspectives rather than offering new conceptions of citizenship as supposedly more adequate models of rights membership and belonging they deal with both the ways citizenship is transformed and the ways it operates in the face of fundamentally transformed conditions This volume Political Economy discusses manifold consequences of a decades long enforcement of neo liberalism for the rights of citizens As neo liberalism not only means a new form of economic system it has to be conceived of as an entirely new form of global regional and national governance that radically transforms economic political and social relations in society Its consequences for

citizenship as a social institution are no less than dramatic Against the background of both manifest and ideological processes the book looks at if citizenship has lost the basis it has rested upon for decades or if the institution itself is in a process of being fundamentally transformed and restructured thereby changing its meaning and the significance of citizens rights This book will appeal to academics working in the field of political theory political sociology and European studies

The Rule Is for None But Allah Joana Cook, Shiraz Maher, 2023 A wide ranging examination of Islamist rule across the world from constitutional movements like Tunisia's Ennahda to the violent rejectionism of IS

Radicalization Farhad Khosrokhavar, 2017-01-03 In the wake of the Paris Beirut and San Bernardino terrorist attacks fears over homegrown terrorism have surfaced to a degree not seen since September 11 2001 especially following the news that all of the perpetrators in Paris were European citizens A sought after commentator in France and a widely respected international scholar of radical Islam Farhad Khosrokhavar has spent years studying the path towards radicalization focusing particularly on the key role of prisons based on interviews with dozens of Islamic radicals as incubators of a particular brand of outrage that has yielded so many attacks over the past decade Khosrokhavar argues that the root problem of radicalization is not a particular ideology but rather a set of steps that young men and women follow steps he distills clearly in this deeply researched account one that spans both Europe and the United States With insights that apply equally to far right terrorists and Islamic radicals Khosrokhavar argues that our security focused solutions are pruning the branches rather than attacking the roots which lie in the breakdown of social institutions the expansion of prisons and the rise of joblessness which create disaffected communities with a sharp sense of grievance against the mainstream

Polarisations politiques et confessionnelles Anna Bozzo, Pierre-Jean Luizard, 2015-03-01 Les printemps arabes ont partout libéré l'espace public un espace de liberté que tous les segments de la société ont soudainement occupé notamment ceux qui comme les islamistes en avaient été privés La rue a arraché une liberté d'expression longtemps confisquée Mais si l'islam n'était pas la première référence dans les slogans criés dans les rues les militants des mouvements islamistes n'étaient pas absents Ayant été les cibles de la répression sous les régimes autoritaires qui les avaient incarcérés et condamnés la clandestinité ils ont bénéficié de cette nouvelle donne occupant une liberté d'action et une visibilité grandissante associée ou non un dessein politique de prise de pouvoir Ils se sont trouvés engagés dans certains pays dans des compétitions électorales qui n'étaient pas jouées d'avance et qui ont dicté l'adoption de nouvelles stratégies où la pratique militante la présence sur le terrain et le travail de proximité constituaient des avantages En concurrence avec les autres mouvements et partis présents sur la scène politique les partis et mouvements islamistes se trouvent actuellement au cœur des polarisations en cours dans les pays du Proche Orient et du Maghreb qu'ils soient engagés dans des phases de transition ou bien plus tragiquement dans des processus de

Ethnicity, Identity and Faith in the Current Migratory Crisis Roberta Ricucci, 2021-10-22 This monograph considers the Catholic Christian religious identity of young immigrants within the migratory diasporas in Southern Europe It details important ethnographical work on various groups such as the family ethnic communities and peers The author also considers the role of institutional figures in mainstream society These include teachers administrators and social workers This valuable research material helps readers to better understand the viewpoint of young people especially the children of immigration in relation to various environments which are important in their lives The investigation examines theoretical and practical questions regarding the study of relations between religion and migrations It pays particular attention to both the youth perspective and the effects of the current refugee crisis on the perception of religious diversity and identity Coverage also looks at similarities and differences between young migrant and their native peers In addition three case studies further help illustrate the main points of the author s argument The book uses preliminary research carried out in Italy It also features interviews collected in Portugal and Spain Those interviewed include people with migratory background who are permanent residents belong to the second generations or are recently arrived asylum seekers Overall the author provides readers with an interesting and innovative portrait of children of immigrants and their relations with faith in the post secularized Europe indeed by considering both academic debates and original empirical data the book offers the possibility of reframing the link between migrations and religious identities

Religious Violence, Political Ends Marco Demichelis, 2018-11-01 Politisch begr ndete religi se Gewalt war und ist seit der Antike eine g ngige Praxis Die Gr ueltaten des R mischen Reiches gegen ber fr hchristlichen Gemeinschaften wurden schnell durch nicht minder aggressive Handlungen gegen ber nicht christlichen Gl ubigen ersetzt denen abscheuliche und polytheistische Praktiken vorgeworfen wurden Mit dem Aufkommen der Moderne hat die Homogenisierung der religi sen Sph re f r politisch konomische Zwecke die Vernichtung jeder Form von H resie und die Ausbreitung des Protestantismus des Calvinismus und des Anglikanismus eine Umstrukturierung und Konzeptualisierung der westeurop ischen Staaten bewirkt ganz nach der Devise ein K nigreich mit einer Religion und einer Nation Das Ende der Religionskriege 1648 die Westf lische Souver nit t und der cuius regio eius religio hatten Einfluss auf die Bildung des modernen Europa und anderer Regionen der franz sisch britische Kolonialismus zwang dabei dem gesamten Nahen Osten und der islamischen Welt das gleiche System auf Der vorliegende Band widmet sich der Untersuchung von interreligi ser Gewalt religi sem Sektierertum und Islamophobie auf theoretischer Basis verbunden

mit dem Kampf der Kulturen und dem Religiösen Nationalismus als Ausdruck politischer Ziele mit denen die Erhaltung der Fragmentierung und der kriegesischen Auseinandersetzungen im Osten sowie das Schüren von Ängsten und Vorurteilen im Westen verfolgt werden Religious violence due to political reasons has been a common practice since ancient times The massacres of early Christian communities carried out by the Roman Empire were rapidly replaced by equally harsh measures against non Christian believers being accused of abominable and polytheistic practises The advent of the modern age the homogenization of the religious sphere for political economic ends the annihilation of any kind of heresy and the emergence of Protestantism Calvinism and Anglicanism restructured the conceptualization of the Western European States emphasizing the adage one kingdom with one religion and one nation The end of the religious wars 1648 the Westphalian sovereignty and the cuius regio eius religio had an impact on the formation of Europe and other regions the Franco British colonialism imposed the same system on the entire Middle Eastern and Islamic World This volume thoroughly examines the usage of inter religious violence religious sectarianism and Islamophobia on a theoretical basis linked with Clashes of Civilizations and Religious Nationalism and describes them as manifestations of precise political ends aiming to preserve fragmentation and warlike states in the East as well as fear and prejudices in the West War in Europe? Thibault Muzergues, 2022-04-19 In this highly provocative and documented book Thibault Muzergues describes how war in Europe is now more likely than it has been for at least the past 30 years how it might come back to Europe and what Europeans can do to avoid getting drawn again in fratricide conflicts Many consider Europe a continent of peace with NATO guaranteeing its security and the EU providing the political glue for a Europe Whole and Free But what if this was not the case anymore What if after a decade of crisis today's Europe was much more fragile than we thought The author challenges our assumptions about peace in Europe and forces us to face the realities of a world that has become much more dangerous Far from being apocalyptic this book serves as an advance warning to the dangers both internal and external that are now closing in on Europe and suggests solutions to avoid them This book will be key reading for those interested in European politics and history the European Union security and strategic studies and more broadly to current affairs and international relations

Islam and Security in the West Stefano Bonino, Roberta Ricucci, 2021-04-26 What changes have the terrorist attacks on the United States in 2001 and the subsequent attacks in Europe brought to Western societies In what ways have these events and their aftermath impacted on the relationships between Muslim communities and Western societies This book explores the remaking of the relationship between Islam and Islamism on the one hand and security and securitization on the other hand by arguing that 9 11 and its aftermath have led to the opening of a new phase in Western and European history and have remade the relationship between Islam and governmental and societal approaches to security The authors utilize case studies across the Western world to understand this relationship
