(Hornbill) (Chapter – 3) (Discovering Tut: the Saga Continues)

(Class – XI)

Understanding the Text

Question 1:

Give reasons for the following:

- (i) King Tut's body has been subjected to repeated scrutiny.
- (ii) Howard Carter's investigation was resented.
- (iii) Carter had to chisel away the solidified resins to raise the king's remains
- (iv) Tut's body was buried along with gilded treasures
- (v) The boy king changed his name from Tutankhaten to Tutankhamun

Answer 1:

- (i) King Tut always remained in the headlines because he was the mighty king of Egypt. Became king at a young age and died in mysterious circumstances within 8 years has stood as a mystery among people, scientists and researches around the world for centuries and his mummy has to come out of the grave many times to unravel this mystery.
- (ii) On November 4, 1922, a team headed by British Egyptologist Howard Carter began excavating the tomb of Tutankhamun in the Valley of the Kings. Carter exposed Tut's mummy to the desert sun in an effort to melt the resins. When that failed, he cut the corpse. Mummy got a lot of damage because of his efforts.
- (iii) Carter exposed Tut's mummy to the desert sun in 149 degree Fahrenheit in an effort to melt the resins. When that failed, he cut the corpse. Scientists around the world talk in two parts. Some say that Carter worked well in that era he did miraculously and go it in a very methodical way and some say that by cutting his corpse, he damaged the mummy.
- (iv) Tutankhamun's mummy rested in the innermost coffin, which is made of solid gold. His body was wrapped in linen and over his face was placed an exquisite gold mask. Wonderful artefacts in gold were placed there. King Tut was also buried with everyday things such as board games, a bronze razor, linen garments and boxes of food and wine. The walls of the chamber in which King Tut was laid to rest were covered in gold; his coffin is a three-piece sarcophagus (a stone coffin), the innermost being 110 kilograms of solid gold.
- (v) King Tut or Tutankhamun became king at a very young age. Before his arrival, the king Amenhotep IV had closed the temples and destroyed the idols which had haunted all the countrymen. King Tut's real name was Tutankhaten and he wanted to do something different from all the previous kings. He had decided to change his father's centuries-old tradition to a new name Tutankhamun which meant "living image of Amun".

Question 2:

- (i) List the deeds that led Ray Johnson to describe Akhenaten as "wacky".
- (ii) What were the results of the CT scan?
- (iii) List the advances in technology that have improved forensic analysis.
- (iv) Explain the statement, "King Tut is one of the first mummies to be scanned — in death, as in life..."

Answer 2:

- (i) Akhenaten means the servant of the Aten i.e. the sun disc. He moved the religious capital from the old city of the Thebes to the new city of Akhetaten, known now as Amarna. He smashed the images of Amun, a major God and closed his temples. All these deeds led Ray Jonson to describe Akhenaten as 'Wacky'.
