 explodes the myth of computer technology as juggernaut Multimedia educator Ellen Rose shows that there is no bandwagon
 no out of control dynamo no titanic conspiracy to overwhelm us Instead there is our own desire to join the fraternity of users
 a fraternity that confers legitimacy and power on those who enter the brave new world Rose exposes how we surrender
 decision making power in personal and workplace computing situations As users we willingly grant authority to the creators
 of software support materials and the seductive infrastructure of technocracy Smart users are rewarded reluctant users are
 pathologized User identity is deliberately constructed at the crossroads of industry consumer demand and complicity User
 Error sounds a timely alarm calling on all of us who use the new technologies to recognize how we are being co opted With
 awareness we can reassert our own responsibility and power in this increasingly important interaction Savvy accessible and
