Bike Lust Barbara Joans, 2001-08-03 Bike Lust roars straight into the world of women bikers and offers us a ride In this adventure story that is also an insider's study of an American subculture Barbara Joans enters as a passenger on the back of a bike but soon learns to ride her own As an anthropologist she untangles the rules rituals and rites of passage of the biker culture As a new member of that culture she struggles to overcome fear physical weakness and a tendency to shoot her mouth off a tendency that very nearly gets her killed Bike Lust travels a landscape of contradictions Outlaws still chase freedom on the highway but so do thousands of riders of all classes races and colors Joans introduces us to the women who ride the rear the biker chick the calendar slut straddling the hot engine the back seat Betty at the latest rally or the underage groupie at the local run But she also gives us the first close look at women who ride in their own right on their own bikes as well as a new understanding of changing world of male bikers These are ordinary women's lives made extraordinary adding a dimension of courage to the sport not experienced by males risking life and limb for a glimpse of the very edge of existence This community of riders exists as a primal tribute to humanity's lust for freedom Beyond MaxiMarketing Stan Rapp, Thomas L. Collins, 1994 The authors of Maximarketing and The Great Marketing Turnaround take readers to the next step with a breakthrough book that shows how companies like Nestle Lego and Dell Computers are learning how to translate success into practical action going beyond Maximarketing to the new power of caring and daring Illustrations *The Hog's Perspective* Pasquale De Marco, 2025-04-19 Prepare to be surprised as you read this book that will challenge your point of view and make you question everything you thought you knew about the classic fairy tale of the three little pigs and the big bad wolf This book presents the wolf's side of the story arguing that he was not the villain that everyone made him out to be In fact he was simply trying to find a place to stay out of the cold and the three little pigs were the ones who were rude and inhospitable The wolf's story is sure to make you question everything you thought you knew about this classic fairy tale It is a unique and thought provoking story that will challenge your assumptions and make you think about things from a different perspective This book is perfect for anyone who loves a good story and is not afraid to challenge the status quo It is also a great book for parents to read with their children as it can help them to see things from a different perspective So what really happened between the three little pigs and the big bad wolf Read this book and decide for yourself This book is sure to be a hit with readers of all ages It is a unique and thought provoking story that will challenge your assumptions and make you think about things from a different perspective If you like this book write a review on google books **Customer Relationship Management** Francis Buttle, 2009 This title presents an holistic view of CRM arguing that its essence concerns basic business strategy developing and maintaining long term mutually beneficial relationships with strategically significant customers rather than the operational tools which achieve these aims Biker's Handbook Jay Barbieri, 2007-11-15 Barbieri explains everything a new rider needs to know to become a real biker By sharing the lessons he
