

# Journal of Testing and Evaluation

We welcome you to submit papers to the Journal of Testing and Evaluation on our online submission [site](#).

This flagship ASTM journal is a multi-disciplinary forum for the applied sciences and engineering. Published bimonthly, online only, the Journal of Testing and Evaluation presents new technical information, derived from field and laboratory testing, on the performance, quantitative characterization, and evaluation of materials. Papers present new methods and data along with critical evaluations; report users' experience with test methods and results of interlaboratory testing and analysis; and stimulate new ideas in the fields of testing and evaluation.

Major topic areas are fatigue, fracture, and creep, high/low temperature mechanical testing, fire testing, polymers, elastomers, wood, soils, metals, additive manufacturing, pavement and construction materials, and statistics. Paper types include technical manuscripts, review articles, technical notes, discussions, closures, editorials, and book reviews. All papers are peer reviewed.
