The Making of Anti-Poverty Policies in Ghana Rosina K. Foli,2023-03-09 This book examines the roles played by transnational actors to influence poverty reduction policies in Ghana Whereas previous studies on anti poverty policies have primarily focused on the carrot and stick approach deployed by transnational actors whereby developmental assistance is granted in return of certain conditions being met this book demonstrates that there are several alternative strategies Indeed rather than adopting hard means of shaping policy many transnational actors in fact use a soft approach characterized by collaboration In order to demonstrate this the book examines two poverty reduction programmes Utilising research based on interviews with national policymakers civil society organizations and the media it compares different approaches used by transnational actors and the attendant outcomes for national and international parties Drawing on an interdisciplinary perspective the book will appeal to scholars and students of public policy and international relations *Handbook of Service Science, Volume II* Paul P. Maglio,Cheryl A. Kieliszewski,James C. Spohrer,Kelly Lyons,Lia Patrício,Yuriko Sawatani,2018-10-16 The second volume of this successful handbook represents varied perspectives on the fast expanding field of Service Science The novel work collected in these chapters is drawn from both new researchers who have grown up with Service Science as well as established researchers who are adapting their frames for the modern service context The first Handbook of Service Science marked the emergence of Service Science when disciplinary studies of business to customer service systems intertwined to meet the needs of a new era of business to business and global service ecosystems Today the evolving discipline of Service Science involves advanced technologies such as smartphones cloud social platforms big data analytics and artificial intelligence These technologies are reshaping the service landscape transforming both business models and public policy ranging from retail and hospitality to transportation and communications By looking through the eyes of today s new Service Scientists it is anticipated that value and grand challenges will emerge from the integration of theories methods and techniques brought together in the first volume but which are now rooted more deeply in service dominant logic and systems thinking in this second volume The handbook is divided into four parts 1 Service Experience On the Human centered Nature of Service 2 Service Systems On the Nature of Service Interactions 3 Service Ecosystems On the Broad Context of Service 4 Challenges On Rethinking the Theory and Foundations of Service Science The chapters add clarity on how to identify enable and measure service thus allowing for new ideas and connections made to physics design computer science and data science and analytics for advancing service innovation and the welfare of society Handbook of Service Science Volume II offers a thorough reference suitablefor a wide reaching audience including researchers practitioners managers and students who aspire to learn about or to create a deeper scientific foundation for service design and engineering service experience and marketing and service management and innovation **Arithmetic**,

Young Children's Behaviour Louise Porter, 2020-07-16 The book provides a comprehensive yet practical discussion of guidance strategies that can be implemented in a variety of situations These strategies promote a respect for children and their rights enhance children's self esteem and help to foster pro social skills This book is a must read for both students and practitioners who work with children and families Dr Laura McFarland School of Education Charles Sturt University Drawing on the latest research evidence *Young Children's Behaviour* outlines the beliefs and values that underpin the guidance approach to managing the behaviours of children from birth to eight years of age In contrast with rewards and punishment systems guidance believes that children do not need incentives to behave well but instead need skills Rather than punishing them for lacking skills guidance teaches young children self regulation skills so that they can behave considerately The author provides practical strategies that both meet children's needs and safeguard the rights of

surrounding adults and children These methods include listening being assertive giving positive instructions solving problems collaboratively and coaching children to self regulate their emotions and impulses The text also offers advice on responding to many common challenges including separation distress meltdowns aggression and social withdrawal Finally the book suggests how educators can provide educational and behavioural support for children with atypical development and describes how to foster effective relationships with parents whose children display challenging behaviours Dr Louise Porter powerfully argues that behaviour guidance is the most effective approach to working with young children and reflects the deepest values of early childhood education and care

Macroprudential Banking Supervision & Monetary Policy

Luca Amorello, 2018-08-27 The European experience suggests that the efforts made to achieve an efficient trade off between monetary policy and prudential supervision ultimately failed The severity of the global crisis have pushed central banks to explore innovative tools within or beyond their statutory constraints capable of restoring the smooth functioning of the financial cycle including setting macroprudential policy instruments in the regulatory toolkit But macroprudential and monetary policies by sharing multiple transmission channels may interact and conflict with each other Such conflicts may represent not only an economic challenge in the pursuit of price and financial stability but also a legal uncertainty characterizing the regulatory developments of the EU macroprudential and monetary frameworks In analyzing the legal interaction between the two frameworks in the EU this book seeks to provide evidence of the inconsistencies associated with the structural separation of macroprudential and monetary frameworks shedding light upon the legal instruments that could reconcile any potential policy inconsistency
