High School To College Transition Research Studies

Marcel A. Müller

High School To College Transition Research Studies:

High School to College Transition Research Studies Terence Hicks, Chance W. Lewis, 2015-05-12 High School to College Transition Research Studies offers two uniquely designed sections that provide a mixture of quantitative and qualitative research findings surrounding a diverse group of college students This ground breaking book by Terence Hicks and Chance W Lewis provides the reader with valuable findings on topics such as student faculty interactions academic social integration and college preparation

Summer Melt Benjamin L. Castleman, Lindsay C. Page, 2020-01-15 Under increasing pressure to raise graduation rates and ensure that students leave high school college and career ready many school and district leaders may believe that when students graduate with college acceptances in hand their work is done But as Benjamin L Castleman and Lindsay C Page show summer can be a time of significant attrition among college intending seniors especially those from low income families Anywhere from 10 to 40 percent of students presumed to be headed to college fail to matriculate at any postsecondary institution in the fall following high school Summer Melt explores the complex factors that contribute to this trend the absence of school support confusion over paperwork lack of parental guidance and the teenage tendency to procrastinate The authors draw on findings from fields such as neuroscience behavioral economics and social psychology to contextualize these factors Drawing on a series of research studies they show how schools and districts can develop effective low cost scalable responses including counselor outreach peer mentoring and using text messages and social media to help students stay on track over the summer Summer Melt offers very practical guidance for schools and districts committed to helping their students make the transition to college

An Educational Journey to Deanship Terence Hicks, 2021-04-26 An Educational Journey to Deanship A Memoir explores and highlights achievements and stories of success throughout the author s academic and administrative experiences Specifically this book includes photographs and personal narratives from early educational experiences to deanship The information presented in this memoir will serve to provide role modeling lessons of success mentorship and hope for other persons who aspire to become an academic dean

First-Generation College Student Research Studies Terence Hicks, Douglas M. Butler, Mondrail Myrick, 2019-07-15 First Generation College Student Research Studies brings together research from a group of dynamic scholars from a variety of institutions across the United States This extraordinary edited volume examines the first generation college student population and analyzes topics such as college choice social experiences dual credit on academic success lifestyles and health status and professional identity teaching practices The empirical studies in this book contribute greatly to the research literature regarding the role that educational leaders have in educating first generation college students

Biennial Survey of Education in the United States United States. Office of Education, 1938

Biennial Survey of Education , 1938 *Lost in Transition* Kevin S. Koett, Carol J. Christian, C. Thomas Potter II, 2018-04-04 The transition from high school to college can be difficult for many students This book shares examples of

situations that students might face during their transitions and ways in which teachers parents administrators and mentors can help students prepare to handle similar occurrences The book is intended to create opportunities for thoughtful dialogue and interactions with students in an effort to develop the skills needed to address minor and significant matters that result from the transition from high school to an institution of higher education

Perspectives on Transitions in Schooling and Instructional Practice Susan E. Elliott-Johns, Daniel H. Jarvis, 2013-12-06 Perspectives on Transitions in Schooling and Instructional Practice examines student transitions between major levels of schooling teacher transitions in instructional practice and the intersection of these two significant themes in education research Twenty six leading international experts offer meaningful insights on current pedagogical practices obstacles to effective transitions and proven strategies for stakeholders involved in supporting students in transition The book is divided into four sections representing the four main transitions in formal schooling Early Years Home Pre school and Kindergarten to Early Elementary Grades 1 3 Early Elementary to Late Elementary Grades 4 8 Late Elementary to Secondary Grades 9 12 and Secondary to Post Secondary College and University A coda draws together over arching themes from throughout the text to provide recommendations and a visual model that captures their interactions Combining theoretical approaches with practical examples of school based initiatives this book will appeal to those involved in supporting either the student experience both academically and emotionally or teacher professional learning and growth

The Bloomsbury Handbook of Early Childhood Transitions Research Aline-Wendy Dunlop, Sally Peters, Sharon Lynn Kagan, 2024-09-19 Research into early childhood transitions has become a field in its own right It is increasingly understood that a positive start in any new setting can influence the child s engagement sense of belonging well being progression in learning and agency and may be dependent on the insight of educators and families and yet there is no research methodology or research methods book dedicated to this growing field of study Including 27 chapters written by researchers from the UK New Zealand the USA Sweden Iceland Australia and Canada this handbook presents an overview of the field exploring its current debates reflects on its history and offers suggestions for the future of the field This book is an essential reference point for anyone studying or undertaking research into transitions in early childhood

Encyclopedia of Social Networks George A. Barnett, 2011-09-07 This handbook systematically introduces readers to the key concepts substantive topics central methods and prime debates
