**Robin Robinson**

## **How To Make A Simple Pot Still:**

How to Make a Simple Pot Still Noel Downs, 2012-12-02 Distilling of alcohol and essential oils is something humans have done for centuries This is a simple straight forward guide to making a pot still capable of producing either or both Back cover

Distilling Made Easy James Newton, 2012 This book has been formulated to help those who are brave enough to attempt the great art of distilling For many years the information gathered in this book has been privileged knowledge for the craftsmen who cook up our favourite tipples like Scotch whisky Irish and American whiskey Vodka Rum Grappa Raki Akvavit Poteen but now it has been translated into a guide where home based stills can distil and then blend alcohol to be aged and then savoured with your family and friends This guide gives details on how to build convert or buy stills and how to use them safely There is a section about safety and tips to guide you through the distilling process There are lots of recipes for a whole range of alcoholic drinks and detailed methods of how to get the alcohol you need from your run The Complete Whiskey Course Robin Robinson, 2019-10-01 A must read for aspiring connoisseurs and a thorough refresher for seasoned whiskey lovers Whiskey Advocate Winner of the Gourmand Award in the Drink Education category US The definitive book on understanding and appreciating the exploding world of whiskey Renowned whiskey educator Robin Robinson demystifies the water of life in a definitive heavily illustrated tome designed to take readers on a global tour of the ever expanding world of whiskey Across ten robust classes Robinson explains whiskey history how it defined the way whiskey is made in different countries and regions the myriad styles how aging and finishing works and the basics of nosing and tasting whiskey In chapters dedicated to American whiskey including bourbon Tennessee whiskey and rye American Craft whiskey Scotch Irish Canadian Japanese and world whiskies Robinson presents the best offerings from new and historic producers how to choose among them and how to build a collection of your own Each class is a journey into a country's whiskies and makers including recommended bottles and styles as well as insider information on how distilleries make their unique offerings Each chapter includes themed tastings organized by bargain value special occasion and splurge price categories This thoroughly up to date and wide ranging guide also offers helpful recommendations on how to lead your own tasting a glossary of terms food pairings and tips on everything from glassware to whiskey festivals and how to read a label The Ultimate Guide to Homesteading Nicole Faires, 2011-03-10 Can you make your own bread sans bread machine Grow a garden all winter What can you use instead of toilet paper What if the power went out for a month What if the grocery store closed Can you make a solar oven Store food without electricity Raise a water buffalo Make fine linen from stinging nettle Make your own shampoo Deliver a baby Is it possible to be totally self sufficient This massive full color book answers all these questions and thousands more and includes checklists diagrams and instructions on how to buy a sheep All of the information included meets these criteria It is something that anyone can do without special training It can be done with relatively few supplies or with stuff you can make yourself It has been tried and tested either by the author the military doctors or other homesteaders The

Ultimate Guide to Homesteading is not a storybook or a cookbook It is a practical guide with nitty gritty details on everything a homesteader can do step by step with hundreds of color illustrations and pen and ink sketches You can do it This book can help

**Bourbon Empire** Reid Mitenbuler, 2016-05-10 Pulls aside the curtain of puffery to show the business of liquor to be every bit as fascinating as the fictions in which the distillers love to swaddle themselves Wayne Curtis The Wall Street Journal Walk into a well stocked liquor store and you ll see countless whiskey brands each boasting an inspiring story of independence and heritage And yet more than 95% of the nation s whiskey comes from a small handful of giant companies with links to organized crime political controversy and a colorful history that is far different than what appears on modern labels In Bourbon Empire Reid Mitenbuler shows how bourbon America s most iconic style of whiskey and the industry surrounding it really came to be a saga of shrewd capitalism as well as dedicated craftsmanship Mitenbuler traces the big names Jim Beam Maker s Mark Evan Williams and more back to their origins exploring bourbon s founding myths and great successes against the backdrop of America s economic history Illusion is separated from reality in a tale reaching back to the Whiskey Rebellion of 1794 when the ideologies of Thomas Jefferson and Alexander Hamilton battled to define the soul of American business That debate continues today punctuated along the way by Prohibition era bootleggers the liquor fueled origins of NASCAR intense consolidation driven by savvy lobbying and a Madison Avenue plot to release five thousand parrots trained to screech the name of a popular brand into the nation s bars Today the whiskey business takes a new turn as a nascent craft distilling movement offers the potential to revolutionize the industry once again But as Mitenbuler shows many take advantage of this excitement while employing questionable business practices either by masquerading whiskey made elsewhere as their own or by shortcutting the proven production standards that made many historic brands great to begin with A tale of innovation success downfall and resurrection Bourbon Empire is an exploration of the spirit in all its unique forms creating an indelible portrait of both American whiskey and the people who make it

**How to Distill** Aaron Hyde, 2021-12-21 Learn the surprisingly straightforward process of home distilling with detailed instructions and step by step photos Whether you re looking for accessible information on how to make your first moonshine gin bourbon brandy or other spirit or you re a home distiller who wants to learn more and perfect your craft How to Distill is the resource you need In this book certified industry expert and knowledgeable home distiller Aaron Hyde lays out the how and why of all the key processes starting at the mash and fermentation through distilling and ending with additional information on aging and blending spirits You ll find An Overview of Distilling and the Process The fundamentals of distillation concise distillation theory still design distilled products and ingredients are all covered Pre Distillation Move on to learn about the fermentation process making your own wash from sugar or cereal mashing grain Distilling The main event A robust section on distilling covers modern distillation techniques the distillation process key decisions during distillation process control collection and further distillation runs Post Distillation Work your way through flavor development and control polishing spirit the aging

process quality considerations blending and packaging considerations Recipes Whether you re interested in making bourbon whiskey scotch whisky gin rum or vodka you ll find an easy to follow recipe With reliable tested processes throughout this is the new standard for distilling By the end of the book you ll understand how to distill an array of different spirits and will have created something you will be proud to drink and share **The Infused Cocktail Handbook** Kurt

Maitland,2024-05-14 Create your own signature cocktails with this essential recipe book for homemade blends and alcohol infusions The Infused Cocktail Handbook is the essential guide to homemade blends and infusions The illustrated recipes explain which ingredients and flavors go best when infusing vodka gin tequila whiskey rum and sherry Make an infused simple syrup or try out a shrub and spice up your next party You ll find a range of globetrotting flavor profiles such as Earl Gray tea great for a gin infusion Lemongrass Cardamom Walnuts Gummy bears Bacon who doesn t love bacon Craft delicious libations using The Infused Cocktail Handbook as your starting point to infuse liquors with new flavors that you can use in any cocktail Not only will you know how to make your very own signature cocktails you ll save money and have fun doing it

Kentucky Moonshine David W. Maurer,2021-10-12 When the first American tax on distilled spirits was established in 1791 violence broke out in Pennsylvania The resulting Whiskey Rebellion sent hundreds of families down the Ohio River by flatboat stills on board to settle anew in the fertile bottomlands of Kentucky Here they used cold limestone spring water to make bourbon and found that corn produced even better yields of whiskey than rye Thus the licit and illicit branches of the distilling industry grew up side by side in the state This is the story of the illicit side the moonshiners craft and craftsmanship as practiced in Kentucky A glossary of moonshiner jargon sheds light on such colorful terms as puker slop and weed monkey With a new foreword by author Wes Berry David M Maurer s classic history of this subject is tongue in cheek but

nevertheless provides a realistic look at the Kentucky moonshiner and the moonshining industry *Journal of the Institute of Brewing* ,1905 Containing the transactions of the various sections together with abstracts of papers published in other journals etc The Oxford Companion to Spirits and Cocktails Noah Rothbaum,2021-10-14 Anthropologists and historians

have confirmed the central role alcohol has played in nearly every society since the dawn of human civilization but it is only recently that it has been the subject of serious scholarly inquiry The Oxford Companion to Spirits and Cocktails is the first major reference work to cover the subject from a global perspective and provides an authoritative enlightening and entertaining overview of this third branch of the alcohol family It will stand alongside the bestselling Companions to Wine and Beer presenting an in depth exploration of the world of spirits and cocktails in a groundbreaking synthesis The Companion covers drinks processes and techniques from around the world as well as those in the US and Europe It provides clear explanations of the different ways that spirits are produced including fermentation distillation and ageing alongside a wealth of new detail on the emergence of cocktails and cocktail bars including entries on key cocktails and influential mixologists and cocktail bars With entries ranging from Manhattan and mixology to sloe gin and stills the Companion

combines coverage of the range of spirit based drinks around the world with clear explanations of production processes and the history and culture of their consumption It is the ultimate guide to understanding what is in your glass The Companion is lavishly illustrated throughout and appendices include a timeline of spirits and distillation and a guide to mixing drinks

**Handbook of Brewing** Graham G. Stewart, Inge Russell, Anne Anstruther, 2017-10-20 With a foreword written by Professor Ludwig Narziss one of the world's most notable brewing scientists the Handbook of Brewing Third Edition as it has for two previous editions provides the essential information for those who are involved or interested in the brewing industry The book simultaneously introduces the basics such as the biochemistry and microbiology of brewing processes and also deals with the necessities associated with a brewery which are steadily increasing due to legislation energy priorities environmental issues and the pressures to reduce costs Written by an international team of experts recognized for their contributions to brewing science and technology it also explains how massive improvements in computer power and automation have modernized the brewhouse while developments in biotechnology have steadily improved brewing efficiency beer quality and shelf life *Report[s] of the Royal Commission on Whiskey and Other Potable Spirits ...* Great Britain. Royal Commission on Whiskey and Other Potable Spirits, 1908 *American Whiskey Master Class* Lew Bryson, 2025-09-23 In American Whiskey Master Class expert and industry insider Lew Bryson expands his deep dive into the history process and must know producers of American whiskey in all its forms in this handsome deluxe edition **Report[s] of the Royal Commission on Liquor Licensing Laws ...** Great Britain. Royal Commission on the Liquor Licensing Laws, 1897

*World's Best Whiskies* Dominic Roskrow, 2018-10-16 Revised and Updated Whisky is one of the world's most revered spirits with connoisseurs spending a great deal of money and time on the appreciation of rare expressions and limited edition bottles In addition many whisky connoisseurs travel direct to the source to see and experience the world's best distilleries at first hand Since the publication of the first edition in 2010 many changes have occurred in the world of whisky which are fully explored in this completely new edition Over 200 of the 750 whiskies are updated along with over 20 of the 38 features to reflect the new world of whisky from the growing US single malt craft distillery movement including Balcones in Texas Japan Yoichi Taiwan Kavalan India Paul John Australia Overeem France Warengem and Sweden Mackmyra Spirit of Hven Aimed at beginners as well as connoisseurs the book encompasses everything you need to know to increase your appreciation of this complex and fascinating spirit Iconic distilleries such as Lagavulin Highland Park and Glenrothes in Scotland are fully explored alongside the bourbon innovators of Kentucky such as Woodford Reserve and Maker's Mark From global brands to tiny craft distillers this book offers a comprehensive overview of the best dram the world over *Moonshine!* Matthew B. Rowley, 2007 Traces the history and lore of moonshine from its pioneer origins through prohibition to today's artisanal libations offering instructions for building a still basic distilling techniques and dozens of recipes **Popular Science**, 1981

*Parliamentary Papers* Great Britain. Parliament. House of Commons, 1918 **Sessional Papers** Great Britain.

Parliament. House of Commons, 1908      Whiskey Master Class Lew Bryson, 2020-02-18 Go beyond the glass and discover the secrets behind your favorite style of whiskey Over the past three decades Lew Bryson has been one of the most influential voices in whiskey a longtime editor of Whisky Advocate and author of the definitive guide Tasting Whiskey In this book Lew shares everything he's learned on his journey through the worlds of bourbon Scotch rye Japanese whiskey and more yes there are tasty Canadian and Irish whiskeys as well In this book you'll find it all An overview of the different types of whiskeys including the rules and identities of each He also includes information on craft whiskeys which tend to be more creative and freewheeling than the styles made by traditional producers Exploration of the key whiskey ingredients with a close look at the flavor contributions of malt peat corn rye wheat even water matters Distillation for non distillers and the beauty of barrels Whiskey is both an art and a science and what's in the glass is affected by things like pot stills vs column stills barrel char and of course time Numerous interviews with master distillers still makers and other artisans at the top of their field Tasting notes throughout so you can identify the whiskeys you might want to try next Every chapter contains a variety of unique often behind the scenes photography And with whiskey as the subject this is a class where you'll want to do the homework

How To Make A Simple Pot Still: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
