Kolkey, Barbara Reeves Neal, 2012-04-01 The Practitioner's Handbook on International Arbitration and Mediation 3rd Edition is a unique work with each chapter written by a well known practitioner and expert in the field It covers each step of the international arbitration and mediation process and offers separate chapters that summarize the laws of leading arbitral venues This Handbook is intended to make the reader into a better practitioner or arbitrator mediator Moreover each chapter has been written to provide practical advice and guidance Unlike many works with multiple authors this work is not simply a collection of essays on a general subject This book is a unified work with cross references among the chapters and a consistent format throughout The Practitioner's Handbook is divided into three parts Part One describes in detail each step of the international arbitration process and offers tips Part Two deals with each step and facet of an international mediation Each of these chapters is filled with Practitioners Expert Commentary Part Three summarizes the laws of leading arbitral jurisdictions like Hong Kong England Switzerland and France These chapters give you detailed guidance on the laws governing international arbitration in that particular jurisdiction As a result the chapters in Part Three are a bit more technical as the authors realized that the reader would need citations to and commentary on the local arbitration statutes and rules The CD ROM that accompanies this Work contains relevant original source material that is germane to the text A review of the table of contents of the material contained on the CD ROM will acquaint you with the range of material covered

 The first version of the UNCITRAL Arbitration Rules was endorsed by the General Assembly of the United Nations in
 December 1976 Now considered one of UNCITRAL s greatest successes the rules have had an extraordinary impact on
 international arbitration as both instruments in their own right and as guides for others The Iran US Claims Tribunal for
 example employs a barely modified version of the rules for all claims and many multilateral and bilateral foreign investment
 treaties adopt the UNCITRAL Rules as an arbitral procedure The Rules are so pervasive and the consequences of the new
 version potentially so significant that they cannot be ignored This commentary on the Rules brings the official documents
 together in one volume and includes the insights and experiences of the Working Group that are not included in the official
 reports
