**The Ultimate AndroidAQ Guide** Rick Fluck, The Ultimate AndroidAQ Guide is an in-depth look into the techniques of data acquisition and process control using the parallel processing micro controller on the AndroidAQ module. It teaches you sensing and electronic drive circuits and how to implement these circuits in programming languages like Android, LabVIEW, Java and Python. The book also shows you how to leverage and use the menu command structure used in the AndroidAQ open source firmware for the many data acquisition tasks that are used in robotic and product design. Many examples are given to allow you to control your AndroidAQ module in ways other popular development modules can not via USB, Bluetooth or Wi-Fi communication. It is a guide to help you make your next project be part of the Internet of Things.

**Interpretation** Lenore D. Zuck, Paul D. Attie, Agostino Cortesi, Supratik Mukhopadhyay, 2003-07-01 This volume contains the proceedings of the 4th International Conference on Verification, Model Checking and Abstract Interpretation (VMCAI 2003) held in New York City, January 9-11, 2003. The purpose of VMCAI was to provide a forum for researchers from three communities: Verification, Model Checking, and Abstract Interpretation, that will facilitate interaction, cross-fertilization, and the advance of hybrid methods that combine the three areas. With the growing need for formal tools to reason about complex, in-state, and embedded systems, such hybrid methods are bound to be of great importance. Topics covered by VMCAI include program verification, static analysis, techniques, model checking, program certification, type systems, abstract domains, debugging, techniques, compiler optimization, embedded systems, and formal analysis of security protocols. VMCAI 2003 was the fourth VMCAI meeting. The previous three were held as workshops: Port Jefferson 1997, Pisa 1998, and Venice 2002. It is the success of the last meeting and the wide response it generated that made it clear the time had come to make it an annual conference.
