PAPER 1 SUMMARY WRITING

LESSON

2

There are four steps to writing a great summary. You will be writing a summary about an article on chess.

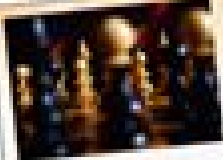

Step one: Examine the question carefully

Before you look at the extract, you first need to be completely clear about what you need to focus on. Read the question carefully.

Question: Write a summary of this text focusing on the origins and rise in worldwide popularity of chess throughout history and the reasons for its continuing popularity today as reflected in the passage.

The question will ask you to focus on two different points. One of all number these points 1 and 2.

Then look at the key words in the question. Think of any examples for these words and write them down. This will help you to write your summary.

IGCSE First Language English CIE 0500

What will the question look like?

When you look at the question, you will have one summary question which will ask you to write a summary of a text. You will then have to write a continuous writing piece. You will have to write a continuous writing piece and write in your own words. You will have to write a continuous writing piece and write in your own words. Self reflection

Place the summary back to its owner and make sure that you have your answer in front of you.

You should now have any (SWD) errors highlighted, repeated phrases, underlined and cross for each point. Read through your answer to make sure that you understand the markings.

Look closely at the mark scheme – which level do you think that you match for reading and writing?

Give yourself a score for reading (1-3) and a score for writing (1-3).
