Blended Learning in Engineering Education Ataur Rahman, Vojislav Ilic, 2018-11-06 Blended Learning combines the conventional face to face course delivery with an online component. The synergistic effect of the two modalities has proved to be of superior didactic value to each modality on its own. The highly improved interaction it offers to students as well as direct accessibility to the lecturer adds to the hitherto unparalleled learning outcomes. Blended Learning in Engineering Education: Recent Developments in Curriculum Assessment and Practice highlights current trends in Engineering Education involving face to face and online curriculum delivery. This book will be especially useful to lecturers and postgraduate undergraduate students as well as university administrators who would like to not only get an up to date overview of contemporary developments in this field but also help enhance academic performance at all levels.

Open and Distance Learning Initiatives for Sustainable Development Pandey, Umesh Chandra, Indrakanti, Verlaxmi, 2017-06-27 Education plays a vital role in the positive development of communities at both a local and global level.
