

Evaluation Stage

6.1.0 Self Assessment (Time line)

This project was handed in the draft form to us in Nov 2010 and composed of three main parts.

- Planning
- Development
- Evaluation
- Two deadlines were set, one for Planning stage which was **3rd Dec 2010**
- Development stage & Evaluation stages were supposed to be submitted before or on **20th May 2011**.

Planning stage was done in time and was handed in and I was supposed to set up a different dates in that stage which I have to follow during the project. My main activities were decided and I have set certain dates in my planning stage and in this part of my project I am supposed to compare difficulties and issues and problems which I have faced through and my activities as compared to my initial set dates in planning stage.

6.1.1 Sections Strategy in Development Section and Evaluation Strategy

For the simplicity of my project I have split the development into different sections according to their significance and I would recommended this because

- It actually helps us to progress on the different activities at same time, provided they are not dependent on each other.
- It makes easy to read from title and sections one can easy access any part without taking longer time to search information and all the activities get covered in these sections.
- My main detailed area of research was Sustainability, Energy Efficiency and Frame design. Generally as for today I would add that activities took longer than their set dates. Issues were different according to their implications. For this section I have adopted same approach So that reader of this project could exactly know where I got problem and how I have tackled them. So I start from the very beginning

6.1.2 Issues with Time Management

6.1.3 Contract Management

The first thing was to choose the contract arrangement for this project, now this part was considered by me very easy, I thought it a straightforward from number of contract arrangement but when literature was reviewed, it seems like every contract arrangement got some demerits so
