 it better **The Analytics Lifecycle Toolkit** Gregory S. Nelson,2018-04-03 Data has become the new currency
 organizations are drowning in it but few are cashing in on its true value The Analytics Lifecycle Toolkit translates the entire
 analytics lifecycle into actionable insights providing a framework for building an effective analytics capability and the
 processes that turn data into action Part 1 describes the who how and why of modern enterprise analytics giving leaders
 clear insight into the value of strategically aligned capabilities Part 2 details best practices that include problem framing data
 sensemaking model development change management data management product management and more Part 3 rounds out
 the discussion by providing guidance on sustaining high performance and guiding the analytics function into new phases of
 business For organizations who see the value of analytics but lack the depth of knowledge needed to structure appropriate
 solutions this book breaks the cycle of frustration and provides a roadmap for putting the right people processes and
 technologies into place For those who have already implemented analytics this book serves as a reference for leadership and
 a refresher course to update the team on the latest in practices and processes Rather than a simple catalogue of analytics
 models the discussion emphasizes underlying principles in key process areas to help organizations build analytics capabilities
 tailored to their specific needs allowing them to harvest the highest value information to better inform strategic decisions In
 line with the book s practical focus the companion website provides downloadable resources tools videos and more to support
 and streamline implementation The discussion itself assumes no prior knowledge of analytics and explicitly clarifies complex
 concepts and terms using real world examples to illustrate what effective practice looks like on the ground With clear
 guidance expert insight and a wealth of practical tools The Analytics Lifecycle Toolkit is an essential resource for any
 organization seeking an optimized analytics program
