Learning Programme Guidelines Life Orientation:

Life Orientation Gr8 T/g , *International Handbook of Inter-religious Education* Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17 This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893 This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity *Life Orient & Ac Gr6 Tg* , 2004 **Life Orient & Ac Gr 5 T/g** , *Making Connections* Kathleen Pithouse, Claudia Mitchell, Relebohile Moletsane, 2009 This book follows on from a symposium that was held in Durban South Africa in July 2007 The symposium was called Seeing for Ourselves Exploring the Practice of Self Study in Teaching Learning and Researching for Social Change The Durban Symposium as called in this book was actually the second in a series of invitational international symposia organized through the second in a series of invitational international symposia organized through the Centre for Visual Methodologies for Social Change in the Faculty of Education University of KwaZulu Natal Committed as it is to the use of visual and other participatory methods within textual research in order to bring about social action the Centre for Visual Methodologies for Social Change started off its symposia series with Putting People in the Picture an event that eventually led to the publication of an edited book Putting People in the Picture Visual Methodologies for Social Change edited by Naydene de Lange Claudia Mitchell Jean Stuart 2007 Nals Gr1:english Teachers Gde , *Sports Global Influence: A Survey of Society and Culture in the Context of Sport* Skye G. Arthur-Banning, Solomon Waliaula, 2020-06-15 This volume was first published by Inter Disciplinary Press in 2015 Evolving sport cultures have had the dual capacity of both illuminating the inner human experience while also connecting this experience to outer socio economic institutional practices The unique chapters of this book capture the processes that define this simultaneous centripetal and centrifugal motion of sport such the opportunity sport can provide for social change in a community out to the bigger debates of global marketing and state legitimacy that accrue from sport Stock discourses on sport such as sport commodification mediatization instrumentalization social and physical capital of sport and the rope of
