List Of International Education Journals

**Tony Huzzard, Mats Benner, Dan
Kärreman**

List Of International Education Journals:

The SSCI Syndrome in Higher Education Chuing Prudence Chou, 2014-02-07 As a result of the world class university rankings many governments adopt public incentives and sanctions to push universities to excel Above all the better faculty research publication in SSCI and SCI journals the more resources and social prestige universities will obtain This timely book attempts to relate these dilemmas in Taiwan to many non English speaking counterparts which also struggle with the worldwide SSCI syndrome As Taiwan s higher education system similar to that of some other countries has been recently devastated by the SSCI based quantitative evaluations of academic performance in terms of its adverse impacts on the balances between teaching vs research qualitative vs quantitative evaluations globally oriented English vs locally oriented non English publications and publications in academic journals vs books The SSCI Syndrome in Higher Education is a long overdue study that offers a systematic comprehensive coverage of the above mentioned SSCI syndrome on the dynamics of Taiwan s academe This book definitely helps fill an important gap in the literature on Taiwan s higher education system Tsung Chi Professor of Politics Occidental College USA Prudence Chou s book addresses an academy on crisis caused by the ceaseless hype over university rankings It further confirms that who comes out on top depends on who is doing the ranking To save the heart and soul out of the Taiwanese academy this book makes a cogent argument for culturally responsive research in the social sciences and humanities Gerard A Postiglione Professor and Head Division of Policy Administration and Social Sciences Director Wah Ching Center of Research on Education in China The University of Hong Kong A spectre is haunting almost all universities in the world including Taiwan the spectre of indexization Academics particularly social scientists are panting from the pressure of globally spread neoliberal ideology and market based principles Collegiality on campus in the good old days has declined and managerialism gained power instead Competitive funding and university rankings are excessively emphasized and research results are required to be internationalized i e published in English Although this book is a case study of so called SSCI syndrome in Taiwan the problems and challenges as well as prescription contained here are common to all academics especially those in the non English speaking countries positioned as peripheral Yutaka Otsuka Professor of Hiroshima University President of Japan Comparative Education Society The danger with SSCI syndrome is that it encourages social studies in nonwestern societies to dissociate themselves from local contexts reflecting a particular view of what is claimed to be universal that is informed only by the Western especially English speaking world It raises the question of what counts as scholarship and defines what knowledge is and who may claim competence in it This volume serves us well as a timely reminder of such a great danger Rui Yang Professor Faculty of Education University of Hong Kong [Annual Review of Comparative and International Education 2020](#) Alexander W. Wiseman, 2021-08-02 The Annual Review of Comparative and International Education covers significant developments in the field of comparative and international education This 2020 edition begins with a collection of discussion essays about comparative education trends

and directions written by both professional and scholarly leaders Multidisciplinary Collaboration: Research and Relationships Karen Weller Swanson, 2014-09-25 This volume focuses on SoTL the scholarship of teaching and learning It discusses how collaborations among and between disciplines can strengthen education and the ways in which students are taught The community of scholars at an institution can provide a fertile ground for interdisciplinary collaboration that can enliven the educational process and the research that supports it The authors here come from many different disciplines where they teach and use SoTL to inform their own practice and share what they have done with others This is the 139th volume of the quarterly Jossey Bass higher education series New Directions for Teaching and Learning It offers a comprehensive range of ideas and techniques for improving college teaching based on the experience of seasoned instructors and the latest findings of educational and psychological researchers **Bibliography, ... Publications in Comparative and International Education** United States. Office of Education. Division of International Education, 1960 *The Journal of Education* , 1893 **The Palgrave International Handbook of Higher Education Policy and Governance** Jeroen Huisman, Harry de Boer, David D. Dill, Manuel Souto-Otero, 2016-04-29 This state of the art reference collection addresses the major themes theories and key concepts related to higher education policy and governance on an international scale in one accessible volume Mapping the field and showcasing current research and theorizations from diverse perspectives and authoritative scholars this essential guide will assist readers in navigating the myriad concepts and themes involved in higher education policy and governance research and practice Split into two sections the first explores a range of policy concepts theories and methods including governance models policy instruments institutionalism and organizational change new public management and multi level governance The second section addresses salient themes such as institutional governance funding quality employability accountability university rankings widening participation gender inequalities technology student involvement and the role of higher education in society Global in its perspective and definitive in content this one stop volume will be an indispensable reference resource for a wide range of academics students and researchers in the fields of education education policy sociology social and public policy political science and for leadership Pacific Educational Journal , 1895 **Georgia Education Journal ...** , 1927 *Education Directory* , 1976 **Utilisation of South African Research on Higher Education** Jan Botha , Gabriele Vilyte, 2021-10-26 The relationship between research on the one hand and policy practice on the other hand is complicated and collaboration between scholars in research on higher education RHE and institutional research IR practitioners is often lacking This book marks a collaborative effort of a diverse range of South African RHE and IR scholars and asks the overarching questions What do we know about the utilisation of South African research on higher education SARHE and its subset of research known as Institutional Research How and by whom is this research used The book begins by looking at the historical underpinnings of SARHE and delineating the shape and size of this body of research This is followed by a series of case studies on South African Higher Education institutions and

governmental bodies investigating how when and by whom are research on higher education and institutional research used in the decision making of these organisations This book is the first of its kind in South Africa and sets out to lay the groundwork for further research into the use uptake and utilisation of RHE and IR in this country The Oxford Handbook of Higher Education Systems and University Management Gordon Redding, Antony Drew, Stephen Crump, 2019-06-20 The world's systems of higher education HE are caught up in the fourth industrial revolution of the twenty first century Driven by increased globalization demographic expansion in demand for education new information and communications technology and changing cost structures influencing societal expectations and control higher education systems across the globe are adapting to the pressures of this new industrial environment To make sense of the complex changes in the practices and structures of higher education this Handbook sets out a theoretical framework to explain what higher education systems are how they may be compared over time and why comparisons are important in terms of societal progress in an increasingly interconnected world Drawing on insights from over 40 leading international scholars and practitioners the chapters examine the main challenges facing institutions of higher education how they should be managed in changing conditions and the societal implications of different approaches to change Structured around the premise that higher education plays a significant role in ensuring that a society achieves the capacity to adjust itself to change while at the same time remaining cohesive as a social system this Handbook explores how current internal and external forces disturb this balance and how institutions of higher education could and might respond **The Corporatization of the Business School** Tony Huzzard, Mats Benner, Dan Kärreman, 2017-04-21 With business schools becoming increasingly market driven questionable trends have emerged such as the conflation of academic and corporate management and the notion that academics and students are market players who respond rationally to market signals Using individual studies from leading scholars in a variety of disciplines and countries this book identifies the global pressures behind these trends It focuses on the debates surrounded the commercialization of business schools and the rise of different methods of measuring their success In their unique approach the authors and editors discuss the impact of the confrontation between the timeless values embodied by Minerva the Roman goddess of Wisdom and the hard realities of competition and corporatization in modern society This book will be compelling reading for students and academics in critical management studies organizational studies public management and higher education as well as for stakeholders in academia and educational policy Education Directory: Education Associations ,1971 Monthly Catalog of United States Government Publications ,2004 Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The

Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education *Official Journal* League of Nations,1930 **Learning to Teach** Linda Shalaway,1998 An essential guide for all teachers Learning to Teach Not Just for Beginners offers a wealth of great strategies for all those who desire to instruct others as a career The Emerald Handbook of Ethical Finance and Corporate Social Responsibility Ahmed Imran Hunjra,Khaled Hussainey,2024-05-06 The term ethical finance refers to finance that considers environmental social and governance ESG aspects influencing a borrower and or its possessions The authors provide a fresh look at ESG aspects along with CSR implementation for sustainable development which has global and long term repercussions **The Performance of Asian Higher Education** Gwilym Croucher,Chuanyi Wang,Jiale Yang,2022-07-28 With contributions from several Asia Pacific countries this book compares performance and productivity in higher education from the perspective of institutional change Using multiple methods and datasets and including case studies from Australia Cambodia China Malaysia India and Japan the authors focus on shedding light on the efficacy of institutional policies and reforms The worldwide Gross Enrolment Ratio GER in higher education neared 40 per cent in 2020 due to the dramatic increase in enrolments in many developing economies especially in Asia This significant increase in the number of students in higher education brings great benefits but requires major ongoing investment by governments around the world This growth has followed waves of internationalization and marketization and universities are undergoing substantial change in their organization and character The goal of many institutional policies and reforms has been better performance and higher productivity Yet little is known about whether they have achieved this aim Students government officials and university leaders all have the right to ask whether the outcomes of higher education justify the costs of running the system Although increasing attention has been paid to higher education institutions management and operation the study of higher education performance and productivity is still in its relative infancy compared to other enterprises Written for

students and scholars interested in higher education management and productivity this book will also appeal to government officials and university leaders keen to know more about institutional reform and how to achieve better performance **The Evaluation Game** Emanuel Kulczycki,2023-04-27 This text examines the origin and effects of publication metrics that are used to measure academic productivity around the world
