Paul Jones, 2021-11-03 The contemporary Christian church is in critical decline both in membership and finances All attempts at reversal are failing primarily because of the consuming socioeconomic secular dynamic in which society is immersed in its self destructive course Consequently Christian imagery is losing its conceivability and credibility and past motivations that once encouraged belief have lost their appeal Without these as points of contact the demise of the institutional church will be relentless despite all efforts to halt it Yet as at other crisis points in history the divine promise has been to raise a faithful remnant with sufficient promise to outlast whatever the societal demise After carefully analyzing the ingredients of our societal crisis the author develops the contours of a Remnant Church to be set in place now within the present institutional churches This necessitates distilling a vital spirituality and discerning the heart of a preservable tradition sufficient to claim both personal and communal commitment Thereby prepared for the long haul the Remnant Church can emerge as a prophetic alternative **Hyper-Grace** Michael L. Liturgical Hermeneutics of Sacred Scripture Marco Benini,2023-09-15 The purpose of this book is to explore what a liturgical approach to the Bible looks like and what hermeneutical implications this might have How does the liturgy celebrate understand and communicate Scripture The starting point is Pope Benedict s affirmation that a faith filled understanding of sacred Scripture must always refer back to the liturgy Verbum Domini 52 The first part of the book based on SC 24 provides significant examples to demonstrate The liturgical order of readings intertextually combines Old Testament and New Testament readings using manifold hermeneutical principles specifically how the psalms show the wide range of interpretations the liturgy employs Prayers are biblically inspired and help to appropriate Scripture personally The hymns convey Scripture in a poetic way Signs and actions such as foot washing or the Ephphetha rite enact Scripture The study considers the Mass the sacraments and the Liturgy of the Hours In the second part Benini systematically focuses on the various dimensions of liturgical hermeneutics of the Bible which emerge from the first part The study reflects the approaches the liturgy offers to Scripture and its liturgical reception It explores theological aspects such as the unity of the two Testaments in Christ s paschal mystery or the anamnesis as a central category in both Scripture and liturgy The liturgy does not understand Scripture primarily as a document of the past but celebrates it as a current and living Word of the Lord as a medium of encounter with God Scripture is sacramental Liturgical Hermeneutics of Sacred Scripture seeks to contribute not only to the comparison of the Roman Ambrosian and Byzantine Rite regarding the Word of God but most of all to the overall liturgical approach to Scripture As such it promotes an interdisciplinary dialogue of liturgical and biblical studies

Education and Religion in Late Antique Christianity Peter Gemeinhardt, Lieve Van Hoof, Peter Van Nuffelen, 2016-03-31 This book studies the complex attitude of late ancient Christians towards classical education In recent years the different theoretical positions that can be found among the Church Fathers have received particular attention their statements ranged from enthusiastic assimilation to outright rejection the latter sometimes masking implicit adoption Shifting attention away from such explicit statements this volume focuses on a series of lesser known texts in order to study the impact of specific literary and social contexts on late ancient educational views and practices By moving attention from statements to strategies this volume wishes to enrich our understanding of the creative engagement with classical ideals of education The multi faceted approach adopted here illuminates the close connection between specific educational purposes on the one hand and the possibilities and limitations offered by specific genres and contexts on the other Instead of seeing attitudes towards education in late antique texts as applications of theoretical positions it reads them as complex negotiations between authorial intent the limitations of genre and the context of performance
