Thank you for purchasing the RailKing production of General Motor's Genesis diesel engine. The engine's durable ABS body and die-cast trucks are traditionally sized for operation on any O-27 Gauge track. The locomotive is equipped with either an electronic horn or the ProtoSound® Digital Sound and train control system which contains several deluxe features that are simple and fun to operate. Each feature is described among the following pages which should be read before the engine is operated. For those of you who can't wait to get started, the *Quick Start Basic Operating Instructions* found on Pages 3 and 4 should be read so that you understand the basics of the operating system.
