Body Connections Michael S. Koppel,2021-08-03 A new articulation of pastoral theology care and counseling Too often we think and teach in ways that reinforce a mind body split This can lead people to self alienation impeding holistic healthy relationships between people God and each other Body Connections takes a different approach teaching us to see the connections between our embodied experience and faithful spiritual care Author Michael Koppel focuses on the human body and its relationship to faith and spiritual care He engages religious texts and traditions as well as scientific insights offering accessible theology and spiritual practices for healing and care of the body Our bodies are amazing resources but we are too often unaware of their power or unable to harness it in helpful ways for our own good This remarkable book empowers pastors counselors chaplains seminarians and caregivers to understand and provide the ministry of care in an entirely new life giving way This book is highly useful for individuals and groups It is for clergy chaplains spiritual directors seminarians clinical educators lay people in churches and those who are institutionally unaffiliated but care deeply about fostering a holistic spiritual path Praise for Body Connections Everything we think feel and do comes through the body But practices of spiritual care tend to downplay the body as a source of knowledge and a tool for responding to others and to God Koppel s book reclaims that wisdom coaching us to strengthen our abilities to read listen and think with the body I can t wait to teach this practical wise and convicting book which addresses embodied emotion grief silence trauma and more Koppel s seasoned pastoral voice offers a rich synthesis of sources and insights that demonstrate the body s place at the center of ministry Duane Bidwell professor of practical theology spiritual care and counseling Claremont School of Theology Claremont CA Body Connections provides new insights into the voice and language of the body Koppel crafts a body theology that encourages spiritual care practitioners to be proactive in their spiritual practices of listening adapting and responding to our bodies and to the bodies of those to whom we offer care Using the image of body as storyteller and other metaphors Koppel captures and defines the healing power of the body in clear and profound ways Bishop Teresa Jefferson Snorton D Min Presiding Bishop Fifth Episcopal District The

CME Church Michael Koppel returns the body to its rightful place at the center of each person's story and the center of the Christian story. He calls readers home to their bodies and gently challenges escapes from the body into hasty fixing, detached rationalizing, anxious dithering, or addictive numbing. At a time when the COVID pandemic has underscored the vulnerability of bodies, Koppel's focused healing deep body consciousness paints a portrait of health far beyond mere absence of disease. Don't just read this book; absorb it, practice it, and let it heal you. Douglas M. Thorpe, PhD, is Executive Director of the Virginia Institute of Pastoral Care and a past president of the American Association of Pastoral Counselors. It is surprisingly difficult, even confusing, to have a body to be a body to touch, talk, and listen to; even read, a sensing body to honor and restore the body's wounds, traumas, and shame while celebrating its healing and resilience. Koppel is a wise guide and caregiver for those seeking to embrace the sacredness of a human body and its unique story. *Body Connections* empowers a reader to discover body knowledge anew. It deepens trust in the most intimate relationship one has: the relationship with one's body. Jacob J. Hamman, professor of religion, psychology, and culture and director of the Program in Theology and Practice, Vanderbilt University, Nashville, TN.

?STREETISM? Isaac Ishmael Arthur, 2013. This book is a study that investigates the phenomenon of streetism, the manner of life of homeless or unmonitored youth on the streets of Accra, Ghana, and other urban centers in a country where barrenness and childlessness are socially undesirable. The study utilizes a qualitative ethnographic and critical theory-based approach to present a socio-culturally nuanced addition to the literature on street children. The work engages in theological reflection on the basis of the experiences of poverty and marginalization of the youth on the streets and for their liberation. This thesis also utilizes an intercultural methodology to examine the causes of streetism and liberation praxis for its eradication. The findings of the study include how poverty, dropping out of school, breakdown of the extended family systems, parental death, urbanization, adventure, and earning of personal income influence the migration of youth to the streets. The study also examines the effects of rape and the resilient and hopeful attitudes of the homeless youth. The study proposes pastoral responses on three ecological levels. At the macro level, advocacy is proposed for addressing the problems embedded in social structures and government policies and ideologies. At the meso level, congregational and community response is offered to deal with issues emanating from local communities and institutions. Dealing with the psychosocial effects at the micro level, the study offers pastoral counseling for street youth and parents and individual, group, and narrative counseling approaches for individuals and groups within the community.

Introducing Practical Theology Pete Ward, 2017-10-17. This introduction to the field of practical theology reclaims a theological vision for the life and work of the church. Pete Ward dispels the myth that practical theology is a distraction from the real tasks of ministry or from serious academic theological work. He argues that practical theology is part of the everyday life of the church and that there are a variety of possible approaches helping readers evaluate the approach that is most appropriate to their ministerial context and theological tradition. This reliable, accessible resource will work well for those in training or in

ministry *The Fruits of Listening* Colleen C. B. Weaver, 2024-10-31 Theological seminaries and Bible institutes find themselves at the crossroads of preserving biblical faithfulness and of maintaining contextual relevance What does faithful contextual relevance look like How can theological institutions steer a course that will engage and serve the church through the men and women they equip for ministry and service In pursuit of answers to those questions a qualitative research project was designed and conducted in the Protestant evangelical community in Madrid Spain It presented a unique situation where seminary faculty and students and church attenders could be invited to share their perspectives experiences and hopes for transformative theological education Congregants offered a vision of theological education that equips leaders to relationally empower the church to give witness in the society Intentional listening was prioritized on three seminary campuses where faculty and students shared their stories of theological formation and described the unique contextual challenges they face as Protestant believers in Spain They voiced narratives of how they must find ways to persevere amid pervasive scarcity and in a rapidly changing society Seminaries and churches around the world may recognize details of their own experiences in these stories and importantly receive resources for relevant contextualization in this work
