Mining of Microbial Wealth and MetaGenomics Vipin Chandra Kalia, Yogesh Shouche, Hemant J. Purohit, Praveen Rahi, 2017-10-30 The existence of living organisms in diverse ecosystems has been the focus of interest to human beings primarily to obtain insights into the diversity and dynamics of the communities This book discusses how the advent of novel molecular biology techniques the latest being the next generation sequencing technologies helps to elucidate the identity of novel organisms including those that are rare The book highlights the fact that oceans marine environments rivers mountains and the gut are ecosystems with great potential for obtaining bioactive molecules which can be used in areas such as agriculture food medicine water supplies and bioremediation It then describes the latest research in metagenomics a field that allows elucidation of the maximum biodiversity within an ecosystem without the need to actually grow and culture the organisms Further it describes how human associated microbes are directly responsible for our health and overall wellbeing

The Passions of Andrew Jackson Andrew Burstein, 2007-12-18 Most people vaguely imagine Andrew Jackson as a jaunty warrior and a man of the people but he was much more a man just as complex and controversial as Jefferson or Lincoln Now with the first major reinterpretation of his life in a generation historian Andrew Burstein brings back Jackson with all his audacity and hot tempered rhetoric The unabashedly aggressive Jackson came of age in the Carolinas during the American Revolution migrating to Tennessee after he was orphaned at the age of fourteen Little more than a poorly educated frontier bully when he first opened his public career he was possessed of a controlling sense of honor that would lead him into more than one duel As a lover he fled to Spanish Mississippi with his wife to be before she was divorced Yet when he was declared a national hero upon his stunning victory at the Battle of New Orleans Jackson suddenly found the presidency within his grasp How this brash frontiersman took Washington by storm makes a fascinating story and Burstein tells it thoughtfully and expertly In the process he reveals why Jackson was so fiercely loved and fiercely hated by the American people and how his presidency came to shape the young country's character

Findings Mary Carolyn Beaudry, 2006-01-01 Mary C Beaudry mines archaeological findings of sewing and needlework to discover what these small traces of female experience reveal about the societies and cultures in which they were used Beaudry's geographical and chronological scope is broad she examines sites in the United States and Great Britain as well as Australia and Canada and she ranges from the Middle Ages through the Industrial Revolution The author describes the social and cultural significance of findings pins needles thimbles scissors and other sewing accessories and tools Through the fascinating stories that grow out of these findings Beaudry

shows the extent to which such small things were deeply entrenched in the construction of gender personal identity and social class Ecological Research Series ,1973 **Directory of Business to Business Catalogs, 2006** Grey House Publishing,2005-11 The Directory of Business to Business Catalogs provides details on over 6 000 suppliers of everything from computers to laboratory supplies office supplies to office design marketing resources to safety equipment landscaping to maintenance suppliers building construction and much more Detailed entries offer mailing address phone fax numbers email addresses web sites key contacts sales volume employee size catalog printing information and more
