A trailblazing exploration of the poetic power of popular songs from Tin Pan Alley to the Beatles to Beyoncé and beyond. Encompassing a century of recorded music, this pathbreaking book reveals the poetic artistry of popular songs. Pop songs are music first. They also comprise the most widely disseminated poetic expression of our time. Adam Bradley traces the song lyric across musical genres from early twentieth century Delta blues to mid century rock n roll to today's hits. George and Ira Gershwin's Fascinating Rhythm, The Rolling Stones' I Can't Get No Satisfaction, Rihanna's Diamonds. These songs are united in their exacting attention to the craft of language and sound. Bradley shows that pop music is a poetry that must be heard more than read, uncovering the rhythms, rhymes, and metaphors expressed in the singing voice. At once a work of musical interpretation, cultural analysis, literary criticism, and personal storytelling, this book illustrates how words and music come together to produce compelling poetry often where we least expect it. Contemporary Rhetoric Niel Klendenon Snortum, 1967
The Vocabulary of Modern French Hilary Wise, 2003-10-04
The Vocabulary of Modern French provides a fresh insight into contemporary French. With this book, Hilary Wise offers the first comprehensive overview of the modern French vocabulary, its historical sources, formal organisation, and social and stylistic functions. Topics covered include external influences on the language, word formation, semantic change, style, and register. In addition, the author looks at the relationship between social and lexical change and examines attempts at intervention in the development of the language. Each chapter is concluded by notes for further reading and by suggestions for project work which are designed to increase awareness of specific lexical phenomena and enable the student reader to use lexicographic databases of all kinds. The Vocabulary of Modern French is an accessible and fascinating study of the relationship between a nation and its language, as well as providing a key text for all students of modern French. **Zones of Focused Ambiguity in Siri Hustvedt's Works** Johanna Hartmann, Christine Marks, Hubert Zapf, 2016-05-10
