Fast Food, Fast Talk Robin Leidner, 1993-08-04 Attending Hamburger University Robin Leidner observes how McDonald's trains the managers of its fast food restaurants to standardize every aspect of service and product Learning how to sell life insurance at a large midwestern firm she is coached on exactly what to say how to stand when to make eye contact and how to build up Positive Mental Attitude by chanting I feel happy I feel terrific Leidner's fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers language looks attitudes ideas and demeanor Her study reveals the complex and often unexpected results that come with the routinization of service work Some McDonald's workers resent the constraints of prescribed uniforms and rigid scripts while

others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers Combined Insurance goes further than McDonald s in attempting to standardize the workers very selves instilling in them adroit maneuvers to overcome customer resistance The routinization of service work has both poignant and preposterous consequences It tends to undermine shared understandings about individuality and social obligations sharpening the tension between the belief in personal autonomy and the domination of a powerful corporate culture Richly anecdotal and accessibly written Leidner s book charts new territory in the sociology of work With service sector work becoming increasingly important in American business her timely study is particularly welcome *Rational Leadership* Paul Brooker,Margaret Hayward,2024-02-16 This work takes examples of iconic corporations to show how business leaders can use rational methods to develop companies and inspire people with confidence It studies General Motors Toyota McDonalds Walmart Intel Armani and eBay through autobiographical writings and historical sources *Human Resource Management* Karen Legge,2020-06-04 This best selling text in the Management Work and Organisations series analyses personnel management and HRM from a critical perspective questioning their place in the labour process and broader socio politico economic context It provides a refreshing and original look at the major debates surrounding HRM and has been widely adopted as a recommended text for a variety of postgraduate HRM and Industrial relations courses **Strategic Management** Jeffrey H.
