

Video Games

What is your favorite thing to do? Could it have to do with being outside with a sky as clear as my contacts, grass as green as my dad's car, and sun as bright as my mind? Or maybe your favorite thing to do involves standing in a kitchen making delicious treats that everyone will drool over. Or your favorite thing to do could be as simple as my favorite thing to do. What is my favorite thing to do you ask? Well, my favorite thing to do is play video games. I know playing video games may not be an adult's preferred activity but I am 12 and it is mine! Please let me explain.

116

Since I am only 12 years old, everyone seems to act weird around me. I am portrayed at that in-between phase of life and they do not know how to talk to me. Some people often feel like I am too young to do anything or go anywhere by myself or with friends. They think of me as a child that needs parents' supervision. However on the other hand, some people talk to me like an adult. It is nice to be spoken to as if I was already grown up but there is only one problem with that, I'm not an adult! I do not always understand the conversations that go on and often times I tend to find them a bit boring.

240

So therefore, I chose to take up video games! I have become quite good at them. I have now learned how to use all kinds of consoles. My favorite system is my XBOX 1. I have explained myself but you should come watch me play video games sometime so I can share my favorite thing to do with you!
