

HR Diagram – Student Guide

Background Information

Work through the background sections on Spectral Classification, Luminosity, and the Hertzsprung-Russell Diagram. Then complete the following questions related to the background information.

Question 1: The table below summarizes the relationship between spectral type, temperature, and color for stars. Note that the surface temperature of the stars in the table increases.

Star	Surface Temperature K	Spectral Type	Color
Betelgeuse	3,500	M2	Red
Arcturus	4,300	K5	Orange
Alpha Centauri A	5,800	G2	Yellow
Procyon A	6,500	F5	Yellow-White
Sirius A	9,100	A1	White
Rigel A	11,000	B8	Light Blue
Delta Orionis	33,000	O9	Blue

Question 2: Complete the following table related to stellar luminosities in solar units using the equation $L \propto R^2 T^4$.

Radius (R_{\odot})	Temperature (T_{\odot})	Luminosity (L_{\odot})
1	1	1
1	2	16
3	1	9
1	1/2	1/16

Edexcel Physics A2 Student Unit Guide: Unit 5 New Edition Physics from Creation to Collapse ePub Mike

Benn, 2013-02-22 Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers. There are three sections to each guide: Introduction includes advice on how to use the guide, an explanation of the skills being tested by the assessment objectives, an outline of the unit or module and depending on the unit suggestions for how to revise effectively and prepare for the examination questions; Content Guidance provides an examiner's overview of the module's key terms and concepts and identifies opportunities to exhibit the skills required by the unit. It is designed to help students to structure their revision and make them aware of the concepts they need to understand the exam and how they might analyse and evaluate topics; Question and Answers sample questions and with graded answers which have been carefully written to reflect the style of the unit. All responses are accompanied by commentaries which highlight their respective strengths and weaknesses, giving students an insight into the mind of the examiner.

The Definitive Guide to HR Communication Alison

Davis, Jane Shannon, 2011-01-25 Two experienced HR communications consultants show how to dramatically improve the effectiveness of every HR message. HR professionals know their programs are pivotal to organizational success but they also know how difficult it is to communicate those programs effectively. Hampered by legal restrictions, highly complex policies and programs, corporate politics and old-fashioned notions about business communication, they create communications their audiences simply ignore. It needn't be that way. Alison Davis and Jane Shannon present simple, powerful principles and techniques every HR professional can use, even those who've never been comfortable as writers. Davis and Shannon demonstrate how to treat employees as customers and use the same strategies, tools and care your company uses to sell its products or services. The authors help HR professionals understand their customers and executives' needs and motivations more clearly, package information to promote faster, better decision making and measure their effectiveness. They present specific solutions for safely eliminating unnecessary detail and jargon, explaining benefits, pay and policies, improving recruiting, orientation and outplacement communications, supporting retirement planning and improving performance management.

Resources in Education, 1982

Backpacker, 2001-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine and the only magazine whose editors personally test the hiking trails, camping gear and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor industry awards are measured.
