MicroStrategy Product Manuals, 2015-06-04 **The Complete Guide to Overcoming Traumatic Stress (ebook bundle)**

Ann Wetmore, Claudia Herbert, John Marzillier, 2013-01-17. Terrible events are very hard to deal with. Those who go through a catastrophic life experience such as a car accident, assault, long-term abuse, an illness, or bereavement often feel permanently changed by the impact of what has happened. They become numb and shut off from those around them, or grief or guilt may constantly weigh them down. Memories of horrifying scenes may intrude unexpectedly during waking hours, while sleep may be disturbed by vivid unpleasant dreams. These two practical guides on trauma and how to cope with its aftermath are written by internationally recognised trauma experts. **Overcoming Traumatic Stress** Claudia Herbert, Ann Wetmore. Based on cognitive behavioural therapy (CBT), this self-help guide offers a step-by-step programme to help you to understand your traumatic experience and how it's affecting you, and to start to rebuild your life. Traumatic stress responses including Post Traumatic Stress Disorder (PTSD) result from a person's coping mechanisms having been completely overwhelmed by a terrible experience. Flashbacks may be so severe that sufferers may feel that they are losing their sanity and subsequently become ever more isolated in their distress. To overcome the effects of trauma, it is necessary to change those reactions and begin to see events in a different light. This book demonstrates, with practical advice and tested exercises, how to find new effective ways of coping with and finally overcoming traumatic stress. **To Hell and Back** John Marzillier. In this innovative and engaging book, world-renowned psychologist John Marzillier dovetails first-hand accounts from trauma sufferers with over 40 years of clinical practice to provide an honest human description of how trauma affects us at the time and also after the event. Whether discussing accounts of terrorist bombings, natural disasters, road accidents, or physical attacks, he looks at what these experiences do to us and offers practical and consoling advice for both sufferers and their loved ones on coping with
