Ochoa,2005-11-01 As the twentieth first century begins Latinas os represent 45 percent of the residents of Los Angeles County making them the largest racial ethnic group in the region At the same time the shift from manufacturing to a service based economy in the area has contributed to a decline in good paying jobs significantly impacting working class families These transformations have created a backlash that has included state propositions impacting Latinas os and escalating anti immigrant rhetoric and Latina os of all backgrounds are making their voices heard Until recently most research on Latinas os in the U S has ignored historical and contemporary dynamics in Latin America just as scholars of Latin America have generally stopped their studies at the border This volume roots Los Angeles in the larger arena of globalization exploring the demographic changes that have transformed the Latino presence in LA from primarily Mexican origin to one that now includes peoples from throughout the hemisphere Bringing together scholars from a range of disciplines it combines historical perspectives with analyses of power and inequality to consider how Latinas os are responding to exclusionary immigration labor and schooling practices and actively creating communities The contributors examine Latina o Los Angeles in the context of historical economic and social factors that have shaped the region The first

section provides contexts for understanding Latino migration with chapters focusing on such factors as U S economic and military domination labor and economic integration in the Americas and Los Angeles economic history The second section considers how various Latino groups have settled and formed communities and interacted with the existing Mexican origin populations showing how Zapotecs Salvadorans and other peoples are remaking urban demographics The final section on labor organizing and political activism examines the role of Latino immigrants in such actions as the janitors strike and also considers the contemporary role of students in political activism The volume concludes with an up to date compilation of contemporary scholarship on immigration the economy schools neighborhoods gender and activism as they relate to Central American and Mexican immigrants Reflecting a range of methodologies statistical historical ethnographic and participatory research this collection is relevant not only to ethnic studies but also to broader concerns in political science sociology history economics and urban studies In addition some chapters focus explicitly on women and gender issues are interwoven throughout the text *Latino Los Angeles* is an important work that contributes to contemporary scholarship on transnationalism as it reexamines the changing face of America s largest western metropolis
