The European Green Deal in Education Sarah Anne McDonagh, Alessandro Caforio, Alessandro Pollini, 2024-11-28 This book shares real life case studies taken from GreenSCENT a three year EU funded project that promotes sustainability through the development of digital platforms and tools green education programme and climate and environmental literacy certification To date there has been little work published on the application of the European Green Deal in educational programmes and while environmental education is very dynamic at present this area has received scant attention Seeking to remedy this critical omission this book represents the first application of the Green Deal topics in the classroom It examines environmental education from an academic perspective looking specifically at the development of digital tools used to promote sustainability and provides recommendations for their practical application The authors also discuss ways to engage larger and more diverse audiences children young people and adults across socio economic cultural and ethnic backgrounds on the topic of sustainability through activities such as air quality monitoring Climathons and Youth Assemblies As the highlighting factors are inclusivity accessible design and responsible research and innovation this volume will be of great interest to students and scholars of European environmental policy and environmental education

Reliability Data Collection and Use in Risk and Availability Assessment Hans-Jörg Wingender, 2012-12-06 Reliability data collection and its use in risk and availability assessment is a subject of increasing importance The founders of EuReData and in particular Arne Ullman the originator and first Chairman of the Association recognised the need for a body capable of acting as a catalyst and providing a unified approach to this subject It is therefore a prevailing objective of the European Reliability Databank Association to initiate and support contact between experts companies and institutions active in reliability engineering and research Although the first and principle interest of EuReData is reliability data and data banks the Association is aware that these are tools that are used with others to establish and maintain reliability and safety It is

with this objective that EuReData regularly holds conferences and seminars covering a range of reliability topics C A Campbell H J Wingender EuReData Chairman Organiser Editor Contents CHAPTER 1 OVERVIEWS Data Situation and the Quality of Risk Assessment FRG A Birkhofer K Koberlein GRS 3 Reliability Engineering in Europe CEC G Volta JRC Ispra 16 1984 A Year of Industrial Catastrophies Scientific and Technical Aerospace Reports , **Shifting Power in Asia-Pacific?** Enrico Fels,2016-11-03 This book investigates whether a power shift has taken place in the Asia Pacific region since the end of the Cold War By systematically examining the development of power dynamics in Asia Pacific it challenges the notion that a wealthier and militarily more powerful China is automatically turning the regional tides in its favour With a special emphasis on Sino US competition the book explores the alleged linkage between the regional distribution of relevant material and immaterial capabilities national power and the much cited regional power shift The book presents a novel concept for measuring power in international relations by outlining a composite index on aggregated power CIAP that includes 55 variables for 44 regional countries and covers a period of twenty years Moreover it develops a middle power theory that outlines the significance of middle powers in times of major power shifts By addressing political military and economic cooperation via a structured focused comparison and by applying a comparative historical analysis the book analyses in depth the bilateral relations of six regional middle powers to Washington and Beijing *The Future of EU Agricultural Markets* by AGMEMOD Frédéric Chantreuil, Kevin F. Hanrahan, Myrna van Leeuwen, 2011-11-01 This book grasps the opportunity to show the strength of AGMEMOD in terms of baseline analysis at detailed regional and market levels supported by an experienced team of country based modellers This analysis produced using the AGMEMOD model will be of interest to researchers working in the field of agricultural policy analysis as well as to policy makers from both the European Commission and its member states agriculture ministries *Energy Research Abstracts* ,1986 **Food futures: ethics, science and culture** I. Anna S. Olsson, Sofia M. Araújo, M. Fátima Vieira, 2023-07-31 Food is at the centre of human existence We eat every day not only to satisfy our physical needs but also as part of cultural and social interaction Food choices and markets shape the agricultural landscape and the cities we live in Whereas what we choose to eat and feed our family is part of who we are a growing number of actors compete to influence our food habits through marketing strategies and nutritional advice And ethical considerations are coupled with every choice over food whether related to production distribution consumption food waste policy in general marketing or advice Given the variety of implications the food problem entails the construction of an inclusive society must redirect the concerns about food in the present to the imagination of future alternatives The search for innovative solutions calls for multidisciplinary critical enquiry and utopian thinking will be instrumental in that regard This book brings together work by scholars in a wide range of disciplines addressing many different topics related to food futures Topics covered include food and literature food waste food communication food policy corporate social responsibility and public procurement in food supply responsible research and innovation in food production
