Republic of Biafra: Once Upon a Time in Nigeria Onyema G. Nkwocha, Onyema Nkwocha, 2010 Not quite four months after the Western Region s election of October 10 1965 did the localized mayhem in that Region find its way furiously into the center of the nation on January 15 1966 It was like a whirl wind of nothing but anarchy and lawlessness The serious aftermath of the marred and rigged election was that it acted as the last straw that broke the Carmel's back providing immediate reason for the army to overthrow the government of Dr Nnamdi Azikiwe Anarchy ensued a counter coup led to the death of Major General Ironsi Callous barbarous massacre of thousands of easterners in the North followed With their lives in jeopardy easterners fled for safety to eastern region refugee crisis followed To guarantee their safety easterners seceded from Nigeria and on May 30th 1967 formed an independent and sovereign nation of the Republic of Biafra Determined to bring Easterners back on July 6 1967 Nigeria invaded Biafra waged a gruesome thirty month civil war against Biafra Nigeria blockaded Biafra on land sea and air to prevent food from entering Biafra A malnutrition disease Kwashiorkor that caused the deaths of thousands of Biafrans followed Nigeria bombed Biafran civilians killing thousands On January 12 1970 the war ended leaving more than three million people dead in a war that was totally avoidable **Secondary Education in Fiji** Teacher Involvement in High-Stakes Language Testing Daniel Xerri, Patricia Vella Helen Tavola, 1991 Briffa,2018-04-27 This book advocates that teachers should play an active role in high stakes language testing and that more weight should be given to teacher judgement This is likely to increase the formative potential of high stakes tests and provide teachers with a sense of ownership The implication is that the knowledge and skills they develop by being involved in these tests will feed into their own classroom practices. The book also considers the arguments against teacher involvement e.g. the contention that teacher involvement might entrench the practice of teaching to the test or that teachers should not be actively involved in high stakes language testing because their judgement is insufficiently reliable Using contributions from a wide range of international educational contexts the book proposes that a lack of reliability in teacher judgement is best addressed by means of training and not by barring educators from participating in high stakes language testing It also argues that their involvement in testing helps teachers to bolster confidence in their own judgement and develop their assessment literacy Moreover teacher involvement empowers them to play a role in reforming high stakes language testing so that it is more equitable and more likely to enhance classroom practices High stakes language tests that adopt such an inclusive approach facilitate more effective learning on the part of teachers which ultimately benefits all their students **Village Orphan** Ifere Okirike, 2020-01-31 This is an incredible true story of the survival of an orphan who lured by the power of knowledge went on to achieve his life s dream of becoming one of the highly educated of his time despite all odds The story starts when he lost his father the only person he had at the age of seven He hardly knew his mother who died earlier when he was barely four Suddenly he was alone and his tearful childhood journey through life smacked of nothing but a

miracle Because the individual doesn t exist in a vacuum the story of this orphan is also that of his culture and custom at the time understanding both brings to life the enormous suffering and difficulty he endured and makes the reader appreciate more his amazing and unique story Also pity and anxiety to know what comes next for the little orphan create an inescapable suspense that glues the reader to the pages till the end And because it is the story of life and living there is abundance of human emotions tears joy sadness humor and brief moments of innocent love to mention just a few that keep the narrative alive to the last page the last line Amazing The Making of a Scientist Jacob Mbua Ngeve PhD FCAS, 2022-04-12 The author recounts his educational career and his professional career He documents his various achievements which brought him to the limelight to be named Director General a Presidential appointee He feels that if he was able to go that far any person who is determined enough and has the ambition to do so can do it also He recounts the temptation he had with his boss which eventually led to his being fired from his post He concludes by saying that it was better to resist temptation than do something that could jeopardize his reputation and get him into trouble Schools and Careers for First School Leaving Certificate Holders in Cameroon ,1980 Review of the Financial Sector Assessment Program—Further Adaptation to the Post-Crisis Era International Monetary Fund, 2014-08-18 The Financial Sector Assessment Program FSAP established in 1999 is an in depth assessment of a country's financial sector It is an important element of the Fund's surveillance and provides input to the Article IV consultations In developing and emerging market countries FSAP assessments are usually conducted jointly with the World Bank and include two components a financial stability assessment the main responsibility of the Fund and a financial development assessment the main responsibility of the World Bank Each FSAP concludes with the preparation of a Financial System Stability Assessment FSSA which focuses on issues of relevance to IMF surveillance and is discussed by the IMF Executive Board normally together with the country's Article IV staff report Since the program's inception 144 member countries have requested and undergone FSAPs most of them more than once In recent years the Fund has been conducting 14 16 FSAPs per year at an annual cost of US 13 15 million The last review of the FSAP in 2009 in the aftermath of the global financial crisis introduced a number of far reaching reforms that have clarified the responsibilities of the Fund and the Bank in developing and emerging market countries where assessments usually take place jointly established institutional accountability strengthened the analytical focus and coverage of FSAPs and introduced the option of modular assessments that has afforded the Fund and national authorities greater flexibility on the scope and timing of assessments In 2010 the financial stability assessment under the FSAP in 25 jurisdictions with financial sectors deemed by the Fund to be systemically important became a mandatory part of Article IV surveillance expected to take place every five years The list was expanded to 29 jurisdictions in 2013 For all other jurisdictions FSAP participation continues to be voluntary In 2010 the financial stability assessment under the FSAP in 25 jurisdictions with financial sectors deemed by the Fund to be systemically important became a mandatory part of Article IV surveillance expected to take place every five

**Transition** Brij V. Lal, 1997 Fidelity & Surety News, 1993 Florida Union List of Serials Ada M Bowen, 1973 The Informal Economy in Developing Countries Jean-Pierre Cling, Stéphane Lagrée, Mireille Razafindrakoto, François Roubaud, 2014-08-21 Informality is ubiquitous in most developing countries Understanding the informal economy is therefore of utmost importance from a political economic and social point of view Paradoxically despite its economic importance knowledge is extremely limited regarding the informal economy It remains largely unrecognized by researchers is neglected by politicians and is even negatively perceived as it is meant to disappear with development This book aims to amend this situation by presenting recent high level research which studies the informal sector and informal employment Fresh research into this subject is presented through empirical analysis which covers Asia Africa and Latin America Each chapter relies on data and a detailed knowledge of the context of the countries studied in order to question the dominant schools of thought on the origins and causes of informality The results provide interesting insights into the constraints faced by informal workers the dynamics of the informal economy and its link with poverty issues On the basis of the evidences provided by results adequate policies could be defined to address informality issues The principal characteristics of the informal sector testify to some profound similarities between developing countries low qualifications and the precariousness of jobs mediocre incomes and working conditions atomization of production units and lack of articulation with the formal economy etc This general statement does not contradict the observation that there is a high level of heterogeneity in the sector and in informal employment within each country confirmed by several chapters in this work In the absence of a sufficient number of job creations the informal sector essentially constitutes a refuge for workers seeking and is here to stay in the short and medium term even in emerging countries
