Galanterie in Chardin's Genre Subjects seeks to understand how Chardin's genre subjects were composed and constructed to communicate certain things to the elites of Paris in the 1730s and 1740s. The book argues against the conventional view of Chardin as the transparent imitator of bourgeois life and values so ingrained in art history since the nineteenth century. Instead, it makes the case that these pictures were crafted to demonstrate the artist's wit, esprit, and taste traits linked to conventions of seventeenth-century galanterie. Early eighteenth-century Moderns like Jean Sim on Chardin (1699-1779) embraced an aesthetic grounded upon a notion of beauty that could not be put into words: the *je ne sais quoi*. Despite its vagueness, this model of beauty was drawn from the present, departed from standards of formal beauty, and could only be known through the critical exercise of taste. Though selecting subjects from the present appears to be a simple matter, it was complicated by the fact that the modernizers expressed themselves through the vehicles of older established forms. In Chardin's case, he usually adapted the forms of seventeenth-century Dutch and Flemish genre painting in his genre subjects. This gambit required an audience familiar enough with the conventions of Lowlands art to grasp the play involved in a knowing imitation or pastiche. Chardin's first group of enthusiasts accordingly were collectors who bought works of living French artists as well as Dutch and Flemish masters from the previous century, notably aristocratic connoisseurs like the chevalier Antoine de la Roque and Count Carl Gustaf Tessin. The Complete Book of the World Rally Championship Henry Hope-Frost, John Davenport, 2004. For 30 years, some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million-dollar global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia, and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver plus highlights of all the significant cars.
