Twenty-One Genres and How to Write Them Brock Dethier, 2013-04-15. This practical, student-friendly, task-oriented text confidently guides writers through step-by-step processes, reducing the anxiety commonly associated with writing tasks. In the first section, Dethier efficiently presents each genre, providing models, a description of the genre's purpose, context and discourse, and suggestions for writing activities or moves that writers can use to get words on the page and accomplish their writing tasks. The second section explains these moves over two hundred of them in chapters ranging from Solve Your Process Problems and Discover to Revise and Present.
