More ominously, the assessment team warns that the ability of Earth's ecosystem to sustain future generations can no longer be taken for granted.

Having heard all this should our visiting ET give up all hope for the posterity of humankind and leave ? Not just yet, for the report also tells-if anyone's listening, that is - of how disaster can be averted and sets out coherent strategies for the protection of species and habitats. It offers tools for managing the environment, particularly in poor countries, and identifies the changes in institutions and policies that will be needed if we are to deal with the root causes of environmental degradation. Significantly, it fills a global knowledge gap. As Kofi Annan, secretary-general of the U.N., a major fund provider, puts it, only by understanding the environment and how it works, can we make the necessary decisions to protect it ! We are told the assessment is recognised by world leaders and governments as a mechanism to meet part of the needs of several international environmental treaties. These individuals and institutions have not only pledged to reduce the loss of biological diversity by 2010 but also vowed to achieve such development goals by 2025. It's probably the last chance we get for doing so. If we don't seize it, it's curtains for us earthlings.

Questions :

- What was Kofi Annan ? (1)
- What is the warning from the assessment team ? (1)
- What should be the pledge of the individuals for ? (1)
- How should we ensure the posterity of humankind ? (2)
- Why, according to you, is tree-plantation necessary ? (2)
- Rewrite the following sentences in the ways necessary ? (2)
 - If we don't seize it, it's curtains for us earthlings. (Use 'Unless') (1)
 - We can make the necessary decisions to protect it. (Rewrite it using the modal auxiliary showing compulsion.) (1)
 - It offers tools for managing the environment. (Use the infinitive form of the underlined part.) (1)
- Give the meanings of : (i) averted (ii) coherent (1)

(B) Note-making : (4)

Read the following extract carefully and draw a tree-diagram on the 'Types of Tomatoes'.

In most greenhouses you will find tomatoes growing on. It is surprising that we have an irrepressible urge to grow them. They are classified into two types : Growth type and Fruit type.
