

Multi Step Addition Word Problems

Donald went to New Zealand for a holiday with his parents. At Taupo, there was an exciting prawn fishing center. His father and he bought the passes for NZD 25 each and went fishing for prawn. They decided to have a competition amongst themselves and noted their prawn catch hourly to see who caught more.

1. In the first hour, Donald caught 17 and his father caught 22. How many prawns did they catch in the first hour altogether?

2. In the second hour, Donald caught 23 and his father caught 12. How many prawns did they catch in the second hour altogether?

3. In the third hour, Donald caught 24 and his father caught 27. How many prawns did they catch in the third hour altogether?

4. In the fourth hour, Donald caught 20 and his father caught 20. How many prawns did they catch in the fourth hour altogether?

5. How many prawns did they catch each in four hours and how many prawns did they catch altogether?

Resources in Education, 1998 *Using Design Research and History to Tackle a Fundamental Problem with School Algebra* Sinan Kanbir, M. A. (Ken) Clements, Nerida F. Ellerton, 2017-10-28 In this well illustrated book the authors Sinan Kanbir Ken Clements and Nerida Ellerton tackle a persistent and universal problem in school mathematics why do so many middle school and secondary school students find it difficult to learn algebra well What makes the book important are the unique features which comprise the design research approach that the authors adopted in seeking a solution to the problem The first unique feature is that the authors offer an overview of the history of school algebra Despite the fact that algebra has been an important component of secondary school mathematics for more than three centuries there has never been a

comprehensive historical analysis of factors influencing the teaching and learning of that component The authors identify through historical analysis six purposes of school algebra a algebra as a body of knowledge essential to higher mathematical and scientific studies b algebra as generalized arithmetic c algebra as a prerequisite for entry to higher studies d algebra as offering a language and set of procedures for modeling real life problems e algebra as an aid to describing structural properties in elementary mathematics and f algebra as a study of variables They also raise the question whether school algebra represents a unidimensional trait Kanbir Clements and Ellerton offer an unusual hybrid theoretical framework for their intervention study by which seventh grade students significantly improved their elementary algebra knowledge and skills Their theoretical frame combined Charles Sanders Peirce s triadic signifier interpretant signified theory which is in the realm of semiotics with Johann Friedrich Herbart s theory of apperception and Ken Clements and Gina Del Campo s theory relating to the need to expand modes of communications in mathematics classrooms so that students engage in receptive and expressive modes Practicing classroom teachers formed part of the research team This book appears in Springer s series on the History of Mathematics Education Not only does it include an important analysis of the history of school algebra but it also adopts a theoretical frame which relies more on theories from the past than on contemporary theories in the field of mathematics education The results of the well designed classroom intervention are sufficiently impressive that the study might have created and illuminated a pathway for future researchers to take *Acceleration for All* Sharon V. Kramer, Sarah Schuhl, 2023-04-13 The need to overcome student learning gaps exists in every school The answer is not a culture of remediation but one of acceleration Every student deserves to learn at grade level or beyond this is equity in action *Acceleration for All* offers research informed real world and ready to implement strategies with an emphasis on core instructional practices to ensure accelerated learning schoolwide This book will help K 12 teachers and leaders Implement practical strategies for sustained accelerated student learning Shift from a mindset of deficit thinking to strengths based thinking related to student learning Develop opportunity equity so all students have access to grade level learning every day Develop learning cycles to address instruction assessment and interventions or extensions as a team with a focus on every student learning grade level standards Learn how to establish a learning based culture rooted in collective efficacy Support teachers teams and students through collaborative leadership Create processes and procedures for continuously improving learning Contents Introduction Chapter 1 The Case for Acceleration Chapter 2 The Importance of Culture Chapter 3 Curriculum Plans for Grade Level Learning Chapter 4 An Assessment System That Supports Acceleration Chapter 5 Daily Grade Level Instruction Chapter 6 An Intervention System That Supports Acceleration Chapter 7 The Importance of Leadership Chapter 8 Continuous Improvement Epilogue References and Resources Index [Common Core Mathematics in a PLC at Work®, Grades 3-5](#) Timothy D.
