Parliament. Senate. Standing Committee on Legal and Constitutional Affairs,2002 **Masters Abstracts International** ,1996 Family Secrets and the Psychoanalysis of Narrative Esther Rashkin,2014-07-14 Family Secrets and the Psychoanalysis of Narrative is the first book to explore the implications of the psychoanalytic theory of the phantom for the study of narrative literature A phantom is formed when a shameful unspeakable secret is unwittingly transmitted through cryptic language and behavior transgenerationally from one family member to another The haunted individual to whom the encrypted secret is communicated becomes the unwitting medium for someone else s voice and the result is speech and conduct that appear incongruous or obsessive in a variety of ways Through close readings of texts by Conrad Villiers de l Isle Adam Balzac James and Poe Esther Rashkin reveals how shameful secrets concealed within the unspoken family histories of fictive characters can be reconstructed from their linguistic traces and can be shown not only to drive the characters speech and behavior but also to generate their narratives First articulated by the French psychoanalysts Nicolas Abraham and Maria Torok the theory of the phantom here represents a radical departure from Freudian Lacanian and other psychoanalytic approaches to literary interpretation In Rashkin s hands it also provides a response to structuralist and poststructuralist critiques of character analysis an alternative to deconstructive strategies of reading and a new vantage point from which to consider problems of intertextuality authorship and the formation and origins of narrative Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Index Medicus** ,2004 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings **Cumulated Index Medicus** ,1965 **Ma grossesse en 300 questions / réponses** Marjolaine Solaro,2012-04-26 Entre les mois les semaines de grossesse et les semaines d am norrh e je suis perdue Help J ai tout le temps faim comment faire Quelle est la prise de poids id ale Ma sage femme m a demand de ne plus mettre de vernis ongles lors du dernier mois de grossesse pourquoi Les relations sexuelles me d clenchent des contractions que faire quels organismes d clarer ma grossesse La grossesse est une p riode de bouleversements au cours de laquelle mergent de multiples questions Les futures mamans n osent pas toujours les poser lors des rendez vous de suivi de grossesse par manque de temps et parfois par peur de para tre ridicules Des questions en apparence b tes aux interrogations plus techniques cet ouvrage aborde tous les domaines alimentation et hygi ne de vie maux de la grossesse suivi m dical b b accouchement couple angoisses administratif

Wife-abuse in Eighteenth-century France Mary Seidman Trouille,2009 Recent archival research has focussed on the material conditions of marriage in eighteenth century France providing new insight into the social and judicial contexts of marital violence Mary Trouille builds on these findings to write the first book on spousal abuse during this period Through close examination of a wide range of texts Trouille shows how lawyers and novelists adopted each other s rhetorical strategies to present competing versions of the truth Male voices those of husbands lawyers editors and moralists are analysed in accounts of separation cases presented in Des Essarts s influential *Causes c l bres* in moral and legal treatises and in legal briefs by well known lawyers of the period Female voices both real and imagined are explored through court testimony and novels based on actual events by Sade Genlis and R tif de la Bretonne By bringing the traditionally private matter of spousal abuse into the public arena these texts had a significant impact on public opinion and served as an impetus for legal reform in the early years of the French Revolution Trouille s interdisciplinary study makes a significant contribution to our understanding of attitudes towards women in eighteenth century society and provides a historical context for debates about domestic violence that are very much alive today *Bibliography of Medical Reviews* ,1976
