Web 2.0-Technologien André Hoffmann, 2011-09-13 Inhaltsangabe Einleitung In den letzten Jahren haben sich im Internet eine Reihe neuer Anwendungen entwickelt die gemeinhin als Web 2 0 Technologien bezeichnet werden Deren rasche Verbreitung f hrte unter anderem zu der Diskussion ob diese Applikationen als Medien in der Bildung und insbesondere im Englischunterricht Anwendung finden sollten Wie Ha festh lt wird der Medienbegriff in der Englischdidaktik sehr weit gefasst So unterscheidet man zwischen personalen Medien wie dem Lehrer und nicht personalen Medien wie einer Wandtafel Im Kontext dieser Arbeit sollen Medien als technische nicht personale Medien aufgefasst werden Insbesondere die hierzu geh renden multimedialen Medien Computer und Internet haben immer mehr an Bedeutung f r den Englischunterricht gewonnen Beide k nnen Informationen vermitteln Sprechanl sse bieten sowie der Kontextualisierung von Lerninhalten dienen Der Computer kann dabei die Rolle eines Lehrmittels zur Pr sentation und Demonstration die Rolle eines Lernmittels zur individualisierten tutoriellen Hilfe sowie die Rolle eines Arbeitsmittels als Werkzeug zur Probleml sung bernehmen Ein weiterer Grund der f r eine Verwendung des Computers und des Internets im Englischunterricht spricht ist die Tatsache dass heutige Lerner in einer sich st ndig wandelnden Gesellschaft aufwachsen Sie m ssten deshalb darauf vorbereitet werden sich lebenslang weiterzubilden Innerhalb des letzten Jahrzehnts hat das Internet einen Wandel durchlaufen der dieses Medium f r seine Nutzer interaktiver und kommunikativer gemacht hat Um dieser Ver nderung Ausdruck zu verleihen wurde der Begriff des Web 2 0 gepr gt Dieses neue Internet bietet zahlreiche Anwendungsm glichkeiten im Bereich der Bildung Die potenziell gr ten Auswirkungen sieht Pegrum dabei in F chern deren zentrale Themen die Sprache und Kommunikation sind da das textliche Wesen dieses Mediums sowie alle dort entstehenden Beziehungen und Gemeinschaften vornehmlich durch das Mittel der Sprache erm glicht werden Die Ver nderungen des Internets finden jedoch in den praxisorientierten Standardwerken der Fachdidaktik des

Englischunterrichts keine oder nur ungenutzte Berücksichtigung hat etwa beschränkt sich lediglich auf die Vorstellung der E-Mail und ihrer Anwendungsmöglichkeiten und auch andere Autoren gehen bei der bloßen Erweiterung der neuen Internetanwendungen kaum hinaus. Dies liegt sowohl an der relativen Neuheit dieser Technologien als auch an der The Complete ESL for Beginners: Lessons Guide with Activities Stephanie Lerner, 2014-09-23. This guide is a simple easy to follow chronological set of lessons that has everything you need to instruct your students in best practice language education. This mega teaching manual has 60 lesson plans with both new and repeating activities, games, songs, dialogues, field trips and more. These lesson plans will cover all concepts that your students need to master the beginning level of English. The guide kicks off with lessons to introduce students to both the English language and to language learning. With best practice teaching techniques such as spiraling, TPR and cooperative learning you can ease your students into English language learning. The guide starts with basic lessons on beginning English concepts such as present simple verb tenses, greetings, school/home vocabulary and pronouns. The lessons then expand to build on students' mastery of these initial concepts while guiding them to their next level of English skill with topics such as past tense verbs, rules for plurals, articles, community/family vocabulary and numbers to 100. With this publication you will receive an ESL/EFL recommendations guide, 60 ESL/EFL lesson plans with both new and repeating activities, an ESL/EFL diagnostic test with scoring key, guide dialogues, vocabulary, activities, grammar structures, games, field trip ideas, songs, literature activities and more. **IMPORTANT NOTICE:** This book contains some repetition in its activities from day to day. The reason for this is that language learning requires repetition and consistency in order to master vocabulary and grammar concepts. Thus you will find both new and repeating activities in each lesson plan of this guide.

The Nutshell Guide to Fluent English Li Zi Chuang, Bill McCann, 2019-11-30. This book is part of a series which aims to help English Language Learners to become fluent in Spoken English. It is the first in a planned series of three and caters for those Learners who are ready to move up to the ESL English as a Second Language Pre-Intermediate level in Spoken English. We begin here because in terms of the spoken language the leap from the Elementary to the Pre-Intermediate level is one of the biggest hurdles faced by English Language Learners. It is one of the greatest hurdles because it is at this stage that the Learner must move from simple spoken forms to a degree of fluency that begins to use more complex forms of the language. As a result it is at this point that a Learner can become stuck and either give up trying to become fluent in Spoken English or fail to make any real progress. There are two main reasons for this. The first is that native English speakers do not speak the language in the same way that they write it. The spoken word very often bears little resemblance to the written word. The second is that a Spoken language must be learnt; it cannot be taught. By this we mean that while all learning is a two-way process between the instructor and the learner when it comes to learning to speak a language something more than 80% of the work must be done by the Learner on their own. One of the obvious areas where this is true is in the need to learn vocabulary. To become fluent in a spoken language a great many new words must be learnt.

and only the Learner can do that The instructor cannot learn them for him How that vocabulary is learnt is a large issue By far the vast majority of Learners try to do this by memorising list of English words and their equivalent meanings in their native language This does not work It cannot work because it is an unnatural way in which to learn a language It is also very boring many perhaps most Learners have great difficulty in memorising and being able to use long lists of words and translations In this book you will discover a new way to learn the vocabulary that you need and how to make it fun to learn The emphasis in this book is on practical use of the language In each Unit Learners are given the opportunity to extend their vocabulary and to practice speaking the language of the native speakers We have called this Idiomatic Spoken English or everyday English All of the examples and dialogues in this book use this language It is not slang or street language but a language that uses all the shortcuts and tricks that native speakers use to keep a fluent and rhythmic flow of words when they speak Successfully reproducing the rhythm of English Enunciation is one of the main secrets of being able to speak the language fluently In this book we describe how that rhythm is actually built up and use the work of some of the great English poets to help the Learner to get a feel for the very beautiful cadences that English is capable of Each Unit includes a full poem or occasionally an extract from a very long poem with notes about the rhythm metre of the poem together with its meaning and background Of no less importance than Enunciation is Pronunciation All Learners no matter what their native language might be have some difficulty in pronouncing English correctly For this reason great emphasis is placed on the Sounds of English and each Unit includes examples and rigorous exercises for two of the 44 sounds that make up the English language The first three Units of the book set out the essential foundations of The Nutshell Way to learn to speak English fluently Some of the six basic principles introduced in Unit One on which this is based may well surprise many Learners and not a few Instructors But our experiences as Instructor and Learner have shown us that this radical approach is not only workable but absolutely necessary if A Learner is to clear the hurdle and Learn to speak fluent English with confidence

Esl Program Guide CENGAGE Learning,1994-09-01 **Learning English with Laughter** ,2015-05-06

MODULE 2 TEACHER S GUIDE CURRICULUM FOR HIGH BEGINNERS Second Edition Learning English with Laughter s Teen adult series has four Modules This Teacher s Guide is part of a series of the three books Student Reader Workbook and Teacher s Guide that comprise Module 2 This Teacher s Guide has 144 pages that explain and enrich 40 lessons It completes and is a vital part of this English second language Module 2 Many of the exercises and activities will be incomplete if bought without the series Student Reader Workbook and Teacher s Guide Throughout this Guide teachers can combine laughter and learning in their lessons while communicating in English Oral Questions are provided for every lesson Our students consistently rated this oral activity as the most helpful on a scale of 1 to 10 In addition this Teacher s Guide provides answers to all questions tests after every fourth lesson with a Mid term Test after lesson 20 and a Final Test at Lesson 40 The competitive team activities spark a lot of laughter creating a relaxed learning atmosphere All Teacher Guide activities can be photocopied as needed

Learning English with Laughter George A Stocker,Daisy A Stocker,2014-12-06 **The Nutshell Guide to Fluent English II** Bill McCann,Li Zi Chuang,2016-01-12 This book is part of a series which aims to help English Language Learners to become fluent in Spoken English The first in the planned series it caters for those Learners who are ready to move up to the ESL English as a Second Language Intermediate level in Spoken English Very often English Language Learners at the Pre Intermediate level are faced with two major difficulties The first is that they have difficulty in understanding native English speakers who are speaking normally The second is that they themselves are struggling to use more complex language structures fluently There are two main reasons for this The first is that native English speakers do not speak the language in the same way that they write it The spoken word very often bears little or no resemblance to the written word The second is that a Spoken language must be learnt it cannot be taught By this we mean that while all learning is a two way process between the instructor and the learner when it comes to learning to speak a language something more than 80% of the work must be done by the Learner on their own One of the obvious areas where this is true is in the need to learn vocabulary To become fluent in a spoken language a great many new and more complex words must be learnt and only the Learner can do that The instructor cannot learn them for him How that vocabulary is learnt is a large issue By far the vast majority of Learners try to do this by memorising list of English words and their equivalent meanings in their native language This does not work and it cannot work It cannot work because it is an unnatural way in which to learn a language It is also very boring many perhaps most Learners have great difficulty in memorising and being able to use long lists of words and translations In this book you will discover a new way to learn the vocabulary that you need and how to make it fun to learn The emphasis in this book is on practical use of the language In each Unit Learners are given the opportunity to extend their vocabulary and to practise speaking the language of the native speakers The first section of each Unit is designed to focus on the elements of Pronunciation Enunciation and Intonation when speaking English The basics of each of these elements is described and explained as we progress through the Course Great emphasis is laid as it must be on basic pronunciation of the Consonants that are found in English The mechanisms of how these sounds are produced and illustrated

and sets of minimal pairs are provided to allow the Language Learner to practise making these sounds and distinguishing between those that are closely related Successfully reproducing the rhythm of English Enunciation is one of the main secrets of being able to speak the language fluently In this book we describe how that rhythm is actually built up and how it works in practice To do this make use of some great English writings and translations from the literature of other languages to help the Learner to get a feel for the very beautiful cadences that English is capable of This series has been two years in the making and most of the material in it has been extensively trialled in the classroom In addition to the material in the book a great deal of extra material including audio files and links to other useful sites will be found on our website www.nutshellbooks.net
