Espaces De Liminaire Unioniste Nordirlandais:

Espaces de l'imaginaire unioniste nord-irlandais Wesley Hutchinson, 2012-12-19 Ce livre d montre comment certaines composantes de la communauté unioniste nord irlandaise notamment le Parti Unioniste et l Ordre d Orange ont récemment lanc une véritable campagne culturelle destin e repenser l image identitaire du peuple britannique d Ulster et briser le carcan des mythes fondateurs de la communauté le si ge de Londonderry et la bataille de la Boyne Cette nouvelle image identitaire se cr e partir de plusieurs r cits qui permettent la communauté de s imaginer sur une chelle plus vaste en repoussant ses coordonn es spatiales et chronologiques Ces r cits voquent l h ritage mill naire des Cruthin habitants aborig nes de l Ulster pr historique l migration presbyt rienne vers l Am rique ainsi que les changes linguistiques et culturels entre le Nord de l Irlande et l cosse Cette r criture de l histoire identitaire d bouche sur un d senclavement de l espace imaginaire de la communauté unioniste elle ouvre la voie vers une remise en question globale des versions nationalistes de l histoire irlandaise

Community Relations and the Troubles in Northern Ireland Joana Etchart, 2024-11-19 Community relations policy has been an almost permanent feature in Northern Ireland since 1969 yet it has rarely been considered as an object of study This book provides historical depth to its analysis by documenting the various manifestations of the notion of community relations in public policy during the Troubles period Drawing on a variety of written and oral primary and secondary sources it offers a unique rich perspective on the meaning and intent behind community relations policy at certain critical junctures In addition by examining this period through the lens of one policy the book sheds light on important questions such as who intervened in policy making during the conflict who sought to influence the process and eventually who took the decisions It also considers the varied roles played by community workers This meticulous analysis reveals previously unknown aspects of the evolution of community relations policy and presents a compelling micro history of policy making and governance during the Troubles in Northern Ireland

Language Issues Wesley Hutchinson, Clíona Ní Ríordáin, 2010 This book emerged out of contributions to a bilingual conference that was organised at the Institut du Monde Anglophone and the Bibliothque Sainte Barbe in Paris on December 5 and 6 2008 The conference was entitled Indigenous Minority Languages in Ireland A Comparative Perspective translated into French as Les langues regionales et minoritaires en Irlande Perspectives croisées

The History of the Arts Council of Northern Ireland, 1943-2016 Lara Cuny, 2022-10-17 This book presents the history of the Council for the Encouragement of Music and the Arts CEMA in Northern Ireland from its conception in 1943 and its successor organisation the Arts Council of Northern Ireland ACNI Exploring the political and social impact of cultural policy in Northern Ireland the book illustrates how the arts developed during the twentieth century and sheds light on the relationship between politics and culture The author takes a closer look at the responsibilities of ACNI and examines its interaction with the unionist government which sought to influence how the organisation distributed its grants Spanning the outbreak of the Troubles in the 1960s and the Peace Process in the 1990s the ACNI evolved through a

period of conflict and change and therefore this book argues that there was an undeniable link between the changing political environment and the management of the arts in Northern Ireland The arm s length principle is analysed in relation to ACNI examining the influence that the state had upon its management and governance Offering a unique historical overview of the arts in Northern Ireland this interdisciplinary book fills a gap in Irish history and presents insights into cultural policy conflict resolution and political history **Civil Society, Post-Colonialism and Transnational Solidarity**

Marie-Violaine Louvet, 2016-06-28 Civil Society Post Colonialism and Transnational Solidarity originates from Louvet s observation of the strong commitment of a layer of Irish civil society from the man on the street to political parties associations and trade unions to the defence of one antagonist or the other in the Israeli Palestinian conflict beginning with the Six Day War in 1967 and increasingly so after the Lebanon Wars at the start of the 1980s and the Second Intifada 2000 2005 This book observes how this phenomenon is particularly striking in Northern Ireland where Israeli and Palestinian flags have been flown by Unionists and Nationalists as signs of solidarity and identification Louvet sheds light on the dynamics and strategies at play in the Middle East conflict in Northern Ireland but also in the Republic of Ireland a country considered to be widely sympathetic to the Palestinian cause With an overarching perspective highlighting the influence of Irish colonial history over the motives and discourse of the different levels of mobilization in civil society this book shows the global movement towards the fragmentation and specialization of transnational solidarity actions in Ireland **Les relations**
