**The Philosophy of Habermas** Andrew Edgar, 2014-12-18 This comprehensive introduction to the thought of Jürgen Habermas covers the full range of his ideas from his early work on student politics to his recent work on communicative action ethics and law Andrew Edgar examines Habermas key texts in chronological order revealing the developments shifts and turns in Habermas thinking as he refines his basic insights and incorporates new sources and ideas Some of the themes discussed include Habermas early reshaping of Marxist theory and practice his characterization of critical theory his conception of universal pragmatics his theories of communicative action and discourse ethics and his defence of the project of modernity Edgar offers much more than a schematic run through of Habermas big ideas He deals in detail with Habermas arguments in order to demonstrate how he weaves together multiple strands of thought and he usefully situates Habermas ideas within the contexts of the history of German philosophy the history of sociology and within contemporary debates in both continental and analytic philosophy By engaging with some of Habermas key critics and contrasting his views with the ideas of contemporaries Edgar is able to give a clear sense of Habermas place and importance in contemporary philosophy and social theory

**Jürgen Habermas** Robert C. Holub, 2013-01-11 The most important intellectual in the Federal Republic of Germany for the past three decades Habermas has been a seminal contributor to fields ranging from sociology and political science to philosophy and cultural studies Although he has stood at the centre of concern in his native land he has been less readily accepted outside Germany particularly in the humanities His theoretical work postulates the centrality of communication and understanding and as such his strategy of debate is marked by a politically informed unity of theory and practice Holub's book is the first detailed account of the major debates in which Habermas has engaged since the early sixties It stems from the conviction that his critics have not understood the political strategy behind his various interventions or the consistency that informs his intellectual activities Habermas is viewed in dialogue with important philosophical sociological and political currents in West Germany Holub demonstrates how Habermas pursues a course that incorporates various aspects of his

opponents positions while simultaneously defending perceived threats to democracy and open discussion *D'un ton guerrier en philosophie* Pierre Bouretz, 2010 Autrefois Kant s'était tenu dans un opuscule d'un ton grand seigneur adopté naguère en philosophie En 1983 Jacques Derrida s'en était inspiré pour publier *D'un ton apocalyptique adopté naguère en philosophie* Nous tirons alors l'aube d'une guerre de quinze ans qui déchira l'Europe philosophique la fin du siècle dernier Il était question travers le brutal conflit qui opposait Jürgen Habermas et Jacques Derrida de la construction et de reconstruction de la raison de l'héritage de l'Aufklärung et même du destin de la philosophie sur une ligne de front dessinée entre l'époque de Hegel et celle de Nietzsche puis le gerement retouché celle de Husserl Heidegger et Adorno Cela se passait entre Francfort et Paris mais Derrida avait déjà été engagé dans d'autres guerres dessinant une géographie plus complexe A Paris même où Michel Foucault et Pierre Bourdieu l'avaient accusé d'être trop conventionnel et pas assez politique ce qui remet sérieusement en cause la représentation d'une French theory censée être née au Quartier latin vers 1968 avant d'être exportée comme pensée tout uniment post moderne Entre Paris et la Californie où John R Searle l'avait attaqué pour sa compréhension de la révolution dans la théorie du langage née à Oxford sous les auspices de John Austin ce qui clarifie différemment les relations entre philosophies dites analytique et continentale En Amérique enfin entre divers départements de philosophie et de littérature ce qui permet de découvrir grâce des médiateurs comme Richard Rorty une réception de son œuvre plus contrastée qu'il n'y paraît Les belligérants se sont cependant réconciliés au point de devenir amis en sorte que l'on peut maintenant citer ces deux propos Philosopher c'est aussi douter du sens de la philosophie Habermas Un philosophe est toujours quelqu'un pour qui la philosophie n'est pas donnée Derrida À l'aune de telles convictions convergentes il était peut-être inutile de faire un drame d'un désaccord Mais c'est ainsi une affaire exemplaire de guerre et de paix en philosophie offre une occasion de revenir sur son histoire ses territoires et les manières de la pratiquer *L'ambivalence de la modernité* Khaldoun Nabwani, 2017-06-01 Cet ouvrage revient sur la querelle philosophique autour de la question de la modernité qui a trotté dans les années 1980 cette époque certains penseurs allemands se sont mis à critiquer la pensée française d'après 68 en la qualifiant de postmoderniste Jürgen Habermas critiqua sérieusement la déconstruction derridienne et les disciples de Derrida aux États-Unis Critiques auxquelles ce dernier répondit sans jamais consacrer une contre critique directe Habermas comme s'il n'accordait pas beaucoup d'attention aux attaques du philosophe allemand **Habermas - Autonomy and Solidarity** Peter Dews, 1992-07-01 **Autonomy and Solidarity** Jürgen Habermas, 1992
