Hollingsworth, Stuart J. Peacock, 2008-02-07 Health and efficiency concepts Efficiency measurement techniques Measuring efficiency in health services Application of efficiency measurement in health services Advanced applications and recent developments Future directions **OECD Public Governance Reviews Towards More Effective and Dynamic Public Management in Mexico** OECD, 2011-06-30 This public governance review of Mexico examines the regulatory framework in Mexico explains how the government could be used to find new approaches to old challenges and looks at the challenge of professionalising public servants in Mexico *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004

Cost-Benefit Analysis of Multi-Level Government Alessandro Ferrara, 2010-04-05 This book provides an original framework to assess public investment policies co-financed by Union Federal governments This framework is applied to two important case studies the EU Cohesion Policy and the US Federal Investment Policies Cost Benefit Analysis of Multi Level Government sheds light on a number of outstanding issues of economic theory by extending the theory of shadow prices and provides guidance to real world decision makers In particular the following questions are addressed Under which theoretical

circumstances higher level government intervention in Member States through investment policies is justified Is there any new welfare economics rationale underpinning interregional equity What is the relationship between interregional and interpersonal income distribution How can social exclusion be included in cost benefit tests How can higher level government budget funds to investment policies before it bargains programming documents with lower tiers of government by considering also their response function In these circumstances how can optimal matching rates be derived assuming binding and non binding budgetary constraints Can such a theoretical framework be applied for guidance to real world decision makers The book will be of interest to policy makers postgraduate students and researchers in cost benefit analysis welfare economics public choice public finance multi level government economics and income distribution issues

Economics and the Real World Joaquim Vergés, 2023-11-25 Economics should schematically explain the key elements and main strands of this core part of social life the actual workings of our economies This book argues that orthodox modern neoclassical economics does not fulfil this core task Standard economic models do not address the real functioning of our market economies but rather an imagined economy While a number of books have presented a critique of traditional economic models this book also seeks to develop an alternative model of economics inferred from observational empirical evidence The book will be of interest to economics students and researchers to economists and particularly to universities and business schools teaching and researching non traditional and post crash economics **Journal of Economic Literature** ,1995 **Books in Print** ,1991 The New Beacon ,1985
