Hard Aspects English Edition:

Automated Grammatical Error Detection for Language Learners, Second Edition Claudia Leacock, Michael Gamon, Joel Alejandro Mejia, Martin Chodorow, 2022-06-01 It has been estimated that over a billion people are using or learning English as a second or foreign language and the numbers are growing not only for English but for other languages as well. These language learners provide a burgeoning market for tools that help identify and correct learners' writing errors. Unfortunately, the errors targeted by typical commercial proofreading tools do not include those aspects of a second language that are hardest to learn. This volume describes the types of constructions English language learners find most difficult: constructions containing prepositions, articles, and collocations. It provides an overview of the automated approaches that have been developed to identify and correct these and other classes of learner errors in a number of languages. Error annotation and system evaluation are particularly important topics in grammatical error detection because there are no commonly accepted standards. Chapters in the book describe the options available to researchers, recommend best practices for reporting results, and present annotation and evaluation schemes. The final chapters explore recent innovative work that opens new directions for research. It is the authors' hope that this volume will continue to contribute to the growing interest in grammatical error detection by encouraging researchers to take a closer look at the field and its many challenging problems.

REARRANGEMENTS AND CHEMISTRY OF GROUP ELEMENTS (English Edition) (Chemistry Book) Paper-II Dr. Renu Agarwal, Dr. Deeksha Yajurvedi, 2023-11-01 REARRANGEMENTS AND CHEMISTRY OF GROUP ELEMENTS e-Book in English Language for B.Sc. 5th Semester UP State Universities. By Thakur Publication. Brand Singapore 3rd Edition: *Nation Branding in a World Disrupted by Covid-19*. Koh Buck Song, 2020-11-15 How can Brand Singapore renew itself once again amidst a global pandemic? Reputation is precious more than ever in the face of deep global displacements exacerbated by Covid-19. Top talent and hot money typically gravitate only to the most attractive, respected nations. For a nation as small and as young as Singapore, its brand is its most valuable asset, as seen in its stunning ascent from Third World to First World in just 30 years since 1965, spearheaded by targeted country branding that builds on unique, longstanding brand attributes. This fully revised and updated edition of Brand Singapore analyses the challenges and opportunities of its latest repositioning for a post-Covid-19 world. The book also examines major events of the last four years since the Second Edition, including the 'Passion Made Possible' country brand concept, the 2020 General Election, the reserved Presidency, and the Singapore Bicentennial's revised perspectives on 700 years of ancient history. A must-read for all policy makers and business leaders. The secret of Singapore's success is precisely uncovered by Koh Buck Song. *Yasu Ota Nikkei Asian Review Japan*.
