Uncertain Territories Inge E. Boer, 2006-01-01 Tracing and theorizing the concept of the boundaries through literary works visual objects and cultural phenomena this book argues against the reification of boundaries as fixed and empty non spaces that simply divide the world Expanding on her previous work on gender and Orientalism Inge Boer takes us into uncertain territories of fashion and art tourism and travel skilfully engaging the ambivalence of boundaries as both protecting and confining as bringing distinction while existing by virtue of their ability to be transgressed In her close readings of that boundaries as desert as frame as home or lack of it Boer shows that boundaries are spaces within through and in the name of which negotiations take place They are not lines but spaces neither fixed nor empty but flexible and inhabited With the publication of this book Boer s intellectual legacy stretches beyond her untimely passing The writings that she left behind can be said to have inaugurated the future of her work presented in the latter part by several of Boer s intellectual companions In their original essays the contributors elaborate on Boer s theme of boundaries as spaces where opposition yields to negotiation Committed to the artefact as cultural stimulant as the embodiment of thought their analyses span a multitude of artefacts and media ranging from literature to photography to art installation and presentation to film and song Fanning out from Boer s central focus Orientalism to other places of contestation boundaries are shown to mediate the relationship between self and other they are ultimately spaces of encounter *Eclectic Magazine, and Monthly Edition of the Living Age* John Holmes Agnew, Walter Hilliard Bidwell, 1891

Multiple Wives, Multiple Pleasures Joan DelPlato, 2002 This is a critical study of French and British art and written texts poetry literature travel accounts art criticism orientalist works about the harem produced in the period from 1800 1875 Original readings are provided for over 150 harem pictures from well known salon paintings to rarely published erotic popular prints and book illustrations Multiple Wives Multiple Pleasures examines these works closely often establishing fresh contexts for many of the more well known nineteenth century harem pictures and often providing a consideration of lesser known harem pictures that have been rarely published until now **The Dial** , 1905 **The Greek Girl's Story** Abbé Prévost, 2020-05-11 With The Greek Girl's Story Alan Singerman presents the first reliable stand alone translation and critical

edition of Abb Pr vost s 1740 literary masterpiece *Histoire d'une Grecque moderne* The text of this new English translation is based on Singerman s 1990 French edition which Jonathan Walsh called arguably the most valuable critical edition of Pr vost s novel to date This new edition also includes a complete critical apparatus comprising a substantial introduction notes appendixes and bibliography all significantly updated from the 1990 French edition taking into account recent scholarship on this work and providing some additional reflection on the question of Orientalism Pr vost s roman clef is based on a true story involving the French ambassador to the Ottoman Porte from 1699 to 1711 It is narrated from the ambassador s viewpoint and is a model of subjective unreliable narration long before Henry James It is remarkably modern in its presentation of an enigmatic ambiguous character as the truth about the heroine can never be established with certainty It is the story of the tormented relationship between the diplomat and a beautiful young Greek concubine Th oph whom he frees from a pasha s harem While her benefactor becomes increasingly infatuated with her and bent on becoming her lover the Greek girl becomes obsessed with the idea of becoming a virtuous and respected woman Viewing the ambassador as a father figure she condemns his quasi incestuous passion and firmly rejects his repeated seduction attempts Unable to possess the young woman or tolerate the thought that she might grant to someone else what she has refused him the narrator subjects her behavior to minute scrutiny in an effort to catch her in an indiscretion His investigations are fruitless however and Th oph the victim of incessant persecution simply dies leaving all the questions about her behavior unanswered
