Winning the Reputation Game Grahame R. Dowling,2016-04-22 Core strategies for creating a corporate reputation that will provide a competitive advantage in the marketplace a back to basics approach What does a company have to do to be admired and respected Why does Apple have a better reputation than say Samsung In *Winning the Reputation Game* Grahame Dowling explains Companies reputations do not derive from consultant recommended campaigns to showcase efforts at corporate transparency environmental sustainability or social responsibility Companies are admired and respected because they are simply better than their competitors Companies that focus on providing outstanding goods and services are rewarded with a strong reputation that helps them gain competitive advantage Dowling who has studied corporate reputation building for thirty years describes two core strategies for creating a corporate reputation that will provide a competitive advantage to be known for being Best at Something or for being Best for Somebody Apple for example is best at personal technology products that enhance people s lifestyles IKEA is best for people who want well designed furniture at affordable prices Dowling covers such topics as the commercial value of a strong reputations including good employees repeat customers and strong share price how corporate reputations are formed the power of being simply better the effectiveness of corporate storytelling for good or ill Kenneth Lay of Enron was a master storyteller and keeping out of trouble Drawing on many real world examples Dowling shows how companies that are perceived to be better than their

competitors build strong reputations that reflect past success and promise more of the same Companies that artificially engineer a reputation with irrelevant activities but have stopped providing the best products and services available often wind up with mediocre or worse reputations

Good Business James O'Toole, Don Mayer, 2013-05-13 This illuminating and practical collection of essays addresses the increasingly important topics of corporate ethics social responsibility and sustainability in the context of effective global business strategies Instead of condemning business or exhorting corporate leaders to do good the authors deal with the hot button issues of our time in a cool and rational manner seeing them as opportunities rather than as problems As the authors illustrate there is no necessary trade off between business leaders doing the right thing on one hand and the profitable thing on the other They demonstrate that ethics is not peripheral or in addition to the central concerns of business To the contrary ethics and good citizenship are at the heart of all good business strategies decisions and organizational cultures These essays offer useful examples of how executives can create strategies and cultures that are both and at the same time ethical and effective the essence of GOOD BUSINESS A PUBLICATION OF THE INSTITUTE FOR ENTERPRISE ETHICS Daniels College of Business University of Denver
