How to Play Video Games Matthew Thomas Payne, Nina B. Huntemann, 2019-03-26 Forty original contributions on games and gaming culture What does Pokémon Go tell us about globalization What does Tetris teach us about rules Is feminism boosted or bashed by Kim Kardashian Hollywood How does BioShock Infinite help us navigate world building From arcades to Atari and phone apps to virtual reality headsets video games have been at the epicenter of our ever evolving technological reality Unlike other media technologies video games demand engagement like no other which begs the question what is the role that video games play in our lives from our homes to our phones and on global culture writ large How to Play Video Games brings together forty original essays from today's leading scholars on video game culture writing about the games they know best and what they mean in broader social and cultural contexts Read about avatars in Grand Theft Auto V or music in The Legend of Zelda Ocarina of Time See how Age of Empires taught a generation about postcolonialism and how Borderlands exposes the seedy underbelly of capitalism These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture They are a must read for fans and students of the medium

Wordplay and the Discourse of Video Games Christopher A. Paul, 2012-03-15 In this timely new book Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming by focusing on how games create meaning lead to identification and division persuade and circulate ideas Paul examines the broader social discourse about gaming including the way players are socialized into games the impact of the lingering association of video games as kid's toys the dynamics within specific games including Grand Theft Auto and EA Sports Games and the ways in which players participate in shaping the discourse of games demonstrated through examples like the reward system of World of Warcraft and the development of theorycraft

Overall this book illustrates how video games are shaped by words design and play all of which are negotiated ongoing practices among the designers players and society that construct the discourse of video games
