Masculinity and Power in Irish Nationalism, 1884-1938 Aidan Beatty, 2016-09-23 This book is a comparative study of masculinity and white racial identity in Irish nationalism and Zionism It analyses how both national movements sought to refute widespread anti Irish or anti Jewish stereotypes and create more prideful and highly gendered images of their respective nations Drawing on English Irish and Hebrew language archival sources Aidan Beatty traces how male Irish nationalists sought to remake themselves as a proudly Gaelic speaking race rooted both in their national past as well as in the spaces and agricultural soil of Ireland On the one hand this was an attempt to refute contemporary British colonial notions that they were somehow a racially inferior or uncomfortably hybridised people But this is also presented in the light of the general history of European nationalism nationalist movements across Europe often crafted romanticised images of the nation s past and Irish nationalism was thus simultaneously European and postcolonial It is this that makes Irish nationalism similar to Zionism a movement that sought to create a more idealized image of the Jewish past that would disprove contemporary anti Semitic stereotypes

**Colson Whitehead** Kimberly Fain, 2015-05-07 From his first novel *The Intuitionist* in 1999 Colson Whitehead has produced fiction that brilliantly blurs genre and cultural lines to demonstrate the universal angst and integral bonds shared by all Americans By neglecting to mention a character s racial heritage Whitehead challenges the cultural assumptions of his readers His African American protagonists are well educated and upwardly mobile and thus lack some of the social angst that is imposed by racial stratification Despite the critical acclaim and literary awards Whitehead has received there have been few in depth examinations of his work In *Colson Whitehead The Postracial Voice of Contemporary Literature* Kimberly Fain explores the work of this literary trailblazer discussing how his novels reconstruct the American identity to be inclusive rather than exclusive and thus broaden the scope of who is considered an American Whitehead attempts this feat by including African Americans among the class of people who may achieve the American Dream assuming they are educated and economically mobile While the conflicts faced by his characters are symptoms of the universal human condition they assimilate at the expense of cultural alienation and emotional emptiness In addition to *The Intuitionist* Fain also examines *John Henry Days* *Apex Hides the Hurt* *The Colossus of New York* *Sag Harbor* and *Zone One* demonstrating how they bend genre tropes and approach literary motifs from a postracial perspective Comparing the author to his African American and American literary forebears as well as examining his literary ambivalence between post blackness and postracialism Colson Whitehead offers readers a unique insight to one of the most important authors of the twenty first

**Why Men Hurt Women and Other Reflections on Love, Violence and Masculinity** Kopano Ratele, 2022-09-01 Using conversations observations and reflections psychologist Kopano Ratele meditates on love violence and masculinity This book seeks to imagine the possibility of a more loving masculinity in a society where structural violence failures of government and economic inequality underpin much of the violent behavior that men display Enriched with personal reflections on his own experiences as a partner father psychologist and researcher in the field of men and masculinities Why Men Hurt Women and Other Reflections on Love Violence and Masculinity is Kopano Ratele's meditation on love and violence and the way these forces shape the emotional lives of boys and men At the core of these critical and deeply insightful texts is the question of why men hurt women they love Ratele contends that many men in our society suffer from a painful unrecognized yet consequential love hunger that sets in during boyhood This need for love may lie at the root of some of the male violence that damages the lives of women children and men themselves Blending academic analysis and rigor in a readable narrative style Ratele illuminates the complex nuances of gender intimacy and power in the context of the human need for love and care

While unsparing in his analysis of men's inner lives Ratele lays out a path for addressing the hunger for love in boys and men. Kalmár, 2017-09-18 This book investigates the formations of masculinity in Hungarian cinema after the fall of communism and explores some of the cultural phenomena of the years following the 1989 regime change. The films explored offer a unique perspective encompassing two entirely different worlds: state socialism and neoliberal capitalism. The films suggest that Eastern Europe is somehow different than its western counterpart and that its subjects are marked by what they went through before and after 1989. These films are all remembering, interpreting, picturing, marketing, and trying to come to terms with this difference with the memory and effects of state socialism. In looking closely at the films' male figures, one may not only get a glimpse of the dramatic changes Eastern European societies went through after the fall of communism but also see the brave new world of global neoliberal capitalism through the eyes of the Eastern European newcomers. **Seasonal**

**Sociology, Second Edition** Tonya Davidson, Ondine Park, 2025-07-15 Life in Canada is shaped by the seasons marked, celebrated, enjoyed, and sometimes dreaded in ways that respond directly to the changing cycles in nature. Sociological thinking encourages us to question the aspects of everyday life that we may otherwise take for granted. *Seasonal Sociology* takes a sociological approach to thinking about the seasons, providing a unique perspective for understanding social life. Each chapter in this collection explores key issues of sociological interest through the passage of time and seasonal change. The authors wield seasonality as a powerful tool that can bridge small-scale interpersonal interactions with large-scale institutional structures. This collection of contemporary Canadian case studies is wide-ranging and analyses topics such as pumpkin spice lattes, policing in schools, law and colonialism, summer cottages, seasonal affective disorder, Vaisakhi celebrations, and more. The second edition introduces new chapters on Labour Day and organized labour, disability and online dating, maple sugar shacks, seasonal agricultural work, wildfires, and social movements like Pride and Black Lives Matter. *Seasonal Sociology* ultimately offers fresh, provocative ways of thinking about the nature of our collective lives. **Teacher,**
