Johnson, Kenneth Mason, Jonathan Losos, Susan Singer, 2013-02-16 Committed to Excellence in the Landmark Tenth Edition  
This edition continues the evolution of Raven Johnson's Biology. The author team is committed to continually improving the  
text keeping the student and learning foremost. We have integrated new pedagogical features to expand the students learning  
process and enhance their experience in the ebook. This latest edition of the text maintains the clear accessible and engaging  
writing style of past editions with the solid framework of pedagogy that highlights an emphasis on evolution and scientific  
inquiry that have made this a leading textbook for students majoring in biology and have been enhanced in this landmark  
Tenth edition. This emphasis on the organizing power of evolution is combined with an integration of the importance of  
cellular molecular biology and genomics to offer our readers a text that is student friendly and current. Our author team is  
committed to producing the best possible text for both student and faculty. The lead author Kenneth Mason University of Iowa  
has taught majors biology at three different major public universities for more than fifteen years. Jonathan Losos Harvard  
University is at the cutting edge of evolutionary biology research and Susan Singer Carleton College has been involved in  
science education policy issues on a national level. All three authors bring varied instructional and content expertise to the  
tenth edition of Biology.      Report of the ... Meeting of the British Association for the Advancement of Science British
