Flight 232 Laurence Gonzales,2014-07-01 A richly detailed story that is equal parts heartbreaking inspiring and full of fascinating science masterful San Francisco Chronicle As hundreds of rescue workers waited on the ground United Airlines Flight 232 wallowed drunkenly over the bluffs northwest of Sioux City The plane slammed onto the runway and burst into a

vast fireball The rescuers didn't move at first nobody could possibly survive that crash And then people began emerging from the summer corn that lined the runways Miraculously 184 of 296 passengers lived No one has ever attempted the complete reconstruction of a crash of this magnitude Drawing on interviews with hundreds of survivors crew and airport and rescue personnel Laurence Gonzales a commercial pilot himself captures minute by minute the harrowing journey of pilots flying a plane with no controls and flight attendants keeping their calm in the face of certain death He plumbs the hearts and minds of passengers as they pray bargain with God plot their strategies for survival and sacrifice themselves to save others Ultimately he takes us step by step through the gripping scientific detective work in super secret labs to dive into the heart of a flaw smaller than a grain of rice that shows what brought the aircraft down An unforgettable drama of the triumph of heroism over tragedy and human ingenuity over technological breakdown Flight 232 is a masterpiece in the tradition of the greatest aviation stories ever told **Moody's Transportation Manual** ,2000 *American Book Publishing Record* ,1999
