Foreign Workers and Law Enforcement in Japan Wolfgang Herbert, 2010-11-01 This is a detailed study of the extent to which an increased influx of foreign workers is a threat to law and order in the context of the data generating process of police statistics and the media coverage of crimes committed by foreigners It shows that a general mood in which foreign workers are viewed as potential danger to Japanese society protects the criminalization of foreign illegal migrant workers The work begins by tracing the upsurge of illegal foreign workers in Japan It builds a social profile of these illegals showing that because of fear of expulsion lack of knowledge of the law and over dependence on employer and workplace their ability to avail themselves off the protection of the law is negligible and they are always at risk of becoming victims to multiple exploitation

America Can Recover from the past few years of reckless spending programs that the people have not endorsed Everyone needs to contact their representatives in the Congress and make it known what the American people want It is not too late if we take actions Remember if you dont voice your opinions for the changes you feel are correct then you become part of the problem instead of part of the solution We can accomplish our goal if we set our minds and efforts to the task We need to wake up the American voters while we still have some rights in this country Not only that we have the God given right to question the actions of the politicians that are making decisions in Washington We would be fools if we allow ourselves to blindly follow the politicians We were given brains and were meant to use them to think about the issued that affect our everyday lives in this country The uninformed uneducated and easily manipulated that are among us follow the line of thinking that has been presented to them by the leaders in Washington It is past time for the citizens of the United States to start realizing what has been happening and make some changes Fortunately it is still not too late **Coming Home**

Vernon Robinson,Bruce Eberle,2020-01-07 No one would ever argue that America has not had deep ugly flaws slavery and segregation being by far the most notable But thanks to great leaders like Abraham Lincoln and Dr Martin Luther King Jr Americans bled and died to bring such hideous tragedies to an end Today conservative activists Vernon Robinson and Bruce Eberle see a new threat the American republic the radical left The once great Democratic Party has been hijacked by radical leftists who spurn traditional American values and seek to impose cradle to grave government control over our lives Coming Home is not about just resisting these radicals but triumphing over them with a landslide victory for Donald Trump Why are the authors of this book so certain that Donald Trump can route the radical left in 2020 The answer is a secret that they

learned from the 2016 presidential campaign black Americans not only gave Donald Trump his margin of victory in Pennsylvania but they also did the same thing in the key state of Michigan In reality it was black Americans who made the election of President Trump possible Tracing the historic events that caused black American disenfranchisement from the GOP Coming Home also provides a strategic roadmap to persuading a crucial 20% or more of black Americans to vote for Donald Trump in 2020 and ensure a second term **"Proud to Be American"** Thomas R. Meinders,2011-02-28 Together we can make a difference The big corporations have millions to sponsor programs that benefit the rich and corporate structure in America The American Citizens can band together and raise millions to support our policies By uniting and presenting our ideas to the candidates we will not be alone Each of us would be fighting a losing battle but together we can become a force that they will have to respect and listen to The American Citizens PAC will provide a complete listing of each and every one of the representatives in our government system That will include the 535 members of Congress and the President It will also include the representatives in each individual state so that everyone can be emailed with our opinions If we decide to promote our policies instead of just saying to ourselves that our voice is only one and it will not make any difference Together we can make a major difference We can return the United States of America to the greatest country in the world and gain the respect of the world **Illegal Mexican Migration to the United States** Wayne A.  Emmanuel Mbolela,2021-04-20 Persecuted for his political activism Emmanuel Mbolela left the Democratic Republic of the
 Congo in 2002 His search for a new home would take six years In that time Mbolela endured corrupt customs officials
 duplicitous smugglers Saharan ambushes and untenable living conditions Yet his account relates not only the storms of his
 long journey but also the periods of calm Faced with privation he finds comfort in a migrants hideout overseen by community
 leaders at once paternal and mercenary When he finally reaches Morocco he finds himself stranded for almost four years And
 yet he perseveres in his search for the offices of the United Nations High Commissioner for Refugees which always seem to
 have closed indefinitely just before Mbolela s arrival in a given city because it is there that a migrant might receive an asylum
 seeker s official certificates It is an experience both private and collective As Mbolela testifies the horrors of migration fall
 hardest upon female migrants but those same women also embody the fiercest resistance to the regime of violence that
 would deny them their humanity While still countryless Mbolela becomes an advocate for those around him founding and
 heading up the Association of Congolese Refugees and Asylum Seekers in Morocco to fight for migrant rights Since obtaining
 political asylum in the Netherlands in 2008 he has remained a committed activist Direct uncompromising and clear eyed in
